Additional Details

Please consider the following when choosing which option for completing:

1. If you choose a classwork session with G-CHS, the class meets 15 times for 2 hours at a time. The school year class will meet from 3:40 - 5:40 PM on 2 evenings a week from the start date in January through the ending date in March. (exact dates to be determined). The summer class will meet from 1:00 - 3:00 PM, Monday through Friday for fifteen days (3 straight weeks) during the month of June. Students cannot miss any days in this class. There are no excused or unexcused absences. This is a commitment to the full 30 hours of training. Any emergency situations have to be worked out with the instructor.
2. If you choose the online option with Indiana Online Academy (IOA), there is a time limit on the completion of the class. If the student does not complete the course within the specified time frame, they will have to take the class again. Students will be charged for the class each time it is repeated through IOA.
3. If you choose the online option with Indiana Online Academy (IOA), classwork must be completed before the final regular drive day of the driving portion of the program.
4. When paying online for the IOA class, you may have to pay for both the driving and the classroom portions. If that occurs, CIESC will forward the payment for the driving portion to Greenfield-Central.

FYI: There are insurance companies that now give discounts on insurance if your student successfully completes a driver's ed course. Please check with your insurance company if your student is enrolled in this program.
