LOOKING FOR PART TIME WORK?
In search of part time help…..Disabled gentleman in the J.B. Stephens area is seeking a student 14 – 18 years of age. Must be motivated, able to follow instructions, willing to do yard work, some gardening, and handyman chores around the house. Helpful to know how to operate a yard tractor as well as small farm tractor, and proper use of mechanical and carpentry power tools. Will train the right person. Working days and hours differ with weather conditions and my availability. Weekend and after school hours could be available before summer if you want. This could also become a longtime position. Please send a letter of introduction stating your experience and wage expectations along with your e-mail address to: Jim & Susan - PO Box 122 - Maxwell, IN 46154

Due to delayed mailings, the deadline has been extended. Please share this via announcements, website, school Facebook page and any other means of communicating with scholars and parents. I really believe this event will help scholars and parents better understand their scholarship before heading into the senior year. I have a Facebook page for the East Region, so even “Liking” the Facebook page could really help in distributing information. Click here to like us on Facebook: 21st Century Scholars - EAST Region

Scholar Upcoming Events:
There are great opportunities for 21st Century Scholars. Please take the time to look over this information and inform scholars at your high school. The following is included in this email and attached:

• Jump Start Junior Workshops (Class of 2015): Available on various dates throughout the state. Flyer is attached and more information is below. You can also visit the workshop website: www.scholars.in.gov/scholarsworkshops.
The 21st Century Scholars Program has developed a series of regionally-based workshops to help current 21st Century Scholar juniors get a ‘Jump Start’ on their senior year of high school. Held on 38 local college campuses, each workshop will provide Scholars with essential information about the 21st Century Scholarship along with tips and resources to help them ‘Jump Start’ their path toward college and career success. Junior Scholars (class of 2015) and their parents or guardians are strongly encouraged to attend a workshop in their area.

Click here (www.scholars.in.gov/scholarsworkshops) to visit our Junior Workshop website. Scholars can register using the online registration link or by calling 888-528-4719 to register. In addition to school outreach efforts, all junior scholars will receive an invitation in the mail to their home addresses.

Greenfield-Central Athletics regrets to inform you that we will be unable to host our annual In-School Physical Night on Tuesday, May 6th. Athletic Physical packets will be available on the High School and Junior High websites starting Wednesday, April 16th. High School Physical Packets are also available at the High School Athletic Office. Please download the appropriate paperwork for your student’s grade level for 2014-2015. The entire physical packet, which includes the Physical, Athletic Code Waiver, Concussion Waiver, Emergency Sheet, and Drug Testing Waiver, is due in its entirety for all incoming 9 – 12 graders. Please put your student’s 2014-2015 grade level on all paperwork. Once completed, please turn in your student’s paperwork to the school your student will attend next year.

Greenfield-Central wishes to express their apologies for this unfortunate change in this almost 30 year tradition and, hopefully, In-School Physical Night will resume in the Spring of 2015.

If you have any questions, you may contact ConnieJo Harris at 462-9195, ext 2.

SENIORS: need pictures for the slide show. They can be from any age from birth to today. Seniors only should be in the photos. Give your pictures to Mr. Oliver in Room 1110. He will take hard copies or electronic copies.

Opportunities for High School Students. Explore in the T in STEM!

The School of Informatics and Computing at IUPUI is once again offering summer workshops for high school students. We will offer weeks of Game Design, Animation, Mobile Apps and Web Design as in years past but are also offering workshops in Bioinformatics, Programming and Health Informatics. Please share these with interested teachers and students.

I would also like to announce our 2014 Scratch Competition for students. Individuals or teams of up to five students can enter their Scratch creations. The competition website offers great resources for learning Scratch. This is a great way to introduce students to ways in which they can create a digital story through programming. This could be fun for teachers to learn as well. To learn more see website: www.soic.iupui.edu
