

From the Student Activities Director

Welcome to Greenfield-Central High School and welcome to what many call the best years of your life!

One of the ways to get the most out of high school is to become involved...and we offer many excellent clubs and activities for you to do just that.

While academics are the most important aspect of high school, becoming involved and making new friends should be close to the top of your list. The best way to do this is to find a group that sparks your interest and become an active member. Benefits are endless when you take time to work as a team!
