

Meal pricing for School Year 2022-2023.

The school meals program is funded by the United States Department of Agriculture (USDA). Since the start of the COVID-19 pandemic, school corporations across the country have been operating with the use of a federal waiver that allowed them to feed every child for free through the end of this past school year. The use of this waiver will not be available starting with the 2022-2023 school year and corporations will return to the traditional eligibility requirements for free, reduced and paid meals. This means that for School Year 2022-2023, our school corporation will be charging students for breakfasts and lunches.

Meal benefit applications for School Year 2022-2023 will not be available until July 1*. Households are encouraged to apply before the start of the school year to avoid unpaid meal charges.
