Welcome back Cougars!!

I can't tell you how excited I am to get this new school year started! We have so many exciting things going on at GCHS as we continue to grow and adapt to the needs of our staff and our students. This student handbook outlines our expectations for you in regards to student conduct. It also shows all the opportunities you have at Greenfield-Central High School. As a student at GCHS, you have more options than most other high school students in the state of Indiana. We are proud of the courses, sports, clubs, and activities we have to offer our students. There is truly something for everyone at GCHS. Each and every student at GCHS has their own counselor and administrator that stays with you for your entire high school career.

These people are here to make sure you are successful - please make sure you use these resources! We will do whatever we can to make sure your time at GCHS is the best it can be. Our doors are always open for you. It is a great day to be a Cougar!!

Mr. Jason Cary
Principal

ACCREDITATION

Greenfield-Central High School is fully accredited by the Indiana Department of Education, for grades nine through twelve. The Greenfield-Central Community School Corporation is committed to equal opportunity. All courses, student activities, educational services, programs, instruction, and facilities will not be denied to anyone in the school corporation on the basis of any legally-protected class (and/or immutable characteristic).

BASIC EXPECTATIONS FOR ALL GCHS STUDENTS

1. School attendance and active engagement are integral to students finding academic success. Students struggling in class should reach out to their teachers, administrator, or counselor.
2. All GCHS staff members are here daily to help students find success in the classroom, on the athletic field and in life. Mutual respect should be displayed at all times.
3. Cell phones should be kept out of sight during class unless otherwise allowed by the teacher.
4. Students should plan to dress for success during the school day in outfits that promote positive images in both the academic and workforce arenas.
5. Backpacks should be kept under the student's desk or other teacher designated area.
6. Students should follow all guidelines for food and drink policies.

**More information on these expectations can be found throughout this Handbook.*

ATTENDANCE POLICY

The Greenfield-Central Board of Trustees, as an agency of the State, is required to enforce regular attendance of students. The Board recognizes that the presence in the classroom enables the student to participate in instruction, class discussions, and other related activities. As such, regular attendance and classroom participation are integral to instilling incentives for the student to excel. Attendance shall be required of all Corporation students, except those exempted under Policy C175 or by other provisions of State law, during the days and hours that the school is in session.

The Superintendent shall require, from the parent of each student or from an adult student who has been absent for any reason, a written statement of the cause for such absence. The Board reserves the right to verify such statements and to investigate the cause of each:

- single absence;
- prolonged absence;
- repeated unexplained absence and tardiness.

Repeated infractions of the Board's policy on attendance may result in the suspension or expulsion of a student.

The Board authorizes, but does not encourage, the Superintendent to suspend a student from a particular class or from school if sincere efforts by the staff and parents cannot rectify the pattern of absence. In keeping with its philosophy, the Board supports efforts to provide for out-of-school alternative educational opportunities for truant students rather than to heighten the effects of absence through suspension.

Greenfield-Central High School has a closed campus during the school day and students are to remain on school grounds from arrival in the morning until dismissal time in the afternoon. However, should a student find it necessary to leave school for any reason, he or she must receive permission from the building principal or his/her designee and parent/guardian before signing out. If permission is given, the student must then sign out and sign in immediately upon his/her return to school. Students who do not follow this procedure will be considered truant and dealt with accordingly.

The responsibility of a student being present at GCHS rests with the student and parent/guardian. The school must be notified of an absence either by a phone call, a note from the parent/guardian or an email.

Dear Parents and Guardians,

Hancock County is committed to encouraging the happiness and potential of our youth. Safeguarding their positive future requires your cooperation to ensure consistent school attendance, which is a vital step in helping students to master the academic skills necessary to succeed in life. Truancy can result in damaging and far-reaching consequences and can harmfully impact our young people in ways they may not yet fully comprehend. Students who do not attend school regularly are at much greater risk of developing substance abuse problems and engaging in criminal activity. The State of Indiana has several laws related to school attendance with which you should become familiar. Please be aware that failing to enforce your child's attendance at school is a crime and may lead to criminal prosecution. The relevant Indiana Laws are as follows:

- 1) IC 20-33-2-28 It is unlawful for a parent to: 1) fail; 2) neglect; or 3) refuse; to send the parent's child to a public school for the full term as required under this chapter unless the child is being provided with equivalent to that given in the public schools.

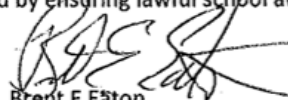

A violation of this law is class B misdemeanor and is punishable by up to 180 days in jail and a fine of up to \$1,000.

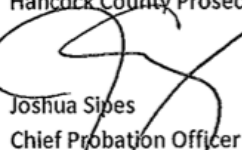

- 2) IC 35-46-1-4(a)(4) A person having the care of a dependent...who knowingly or intentionally: (4) deprives the dependent of education as required by law; commits neglect of a dependent.

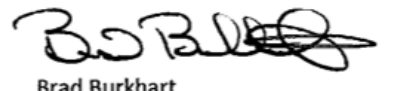

A violation of this law is a Level 6 Felony and is punishable by up to 2 ½ years in jail and a fine of up to \$10,000.

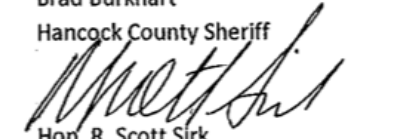

- 3) IC 31 37 2 3 A child commits a delinquent act if, before the age of 18, the child violates 20-33-2 concerning compulsory school attendance.

Hancock County takes the future of its youth seriously. Please give your child the best opportunity to succeed by ensuring lawful school attendance.

Appointments

1. Parents are requested to notify the *Attendance Office 24 hours in advance of appointments*. Parents, please try to understand that an unscheduled pass could require an interruption and interference in classroom instruction.
2. Students are to obtain the pass from the Attendance Office before school or during passing periods on the day the pass is to be used.
3. Sign out in the office when leaving school.
4. Sign in at the Attendance Office when returning to school, and return a note signed by the doctor, dentist, court official, or probation officer and indicate the time the student completed the appointment.

Failure to provide documentation may result in an Absent Unexcused.

Appointments for driver's license and senior pictures are to be scheduled during a student's Enrichment Block.

No student is to leave or return to Greenfield-Central High School during the school day without signing in and out of the office.

College Visits

1. Juniors and seniors should see a Guidance Counselor in advance to receive permission. Discipline, academic, and attendance records will be reviewed before a visitation will be granted.
2. The student's parent/guardian should call the Attendance Office in advance to report the visit for attendance purposes.
3. Attend the visit (preferably with your parents)
4. Bring in a written statement from the university official (on university stationery) to the Attendance Office the following school day. Any student who does not comply with this policy will receive an unexcused absence for that day.

Students will be limited to four college visits per year.

Make Up Work As a Result of Absence

When a student has an Absent Unverified (AUV) or an Absent Unexcused (AU), he/she may not receive a grade or credit except for major projects.

Students may request homework directly from the teachers or through online resources, if applicable.

1. When a student has an excused absence, he/she will be given every consideration, within reason, after his/her return to school in completing assignments given during the period of absence. It is the student's responsibility to contact the teacher for missed assignments. Major assignments should be turned in the next day in class if a student is absent on the

- due date.
2. The length of time for completion of make-up work shall be equivalent to the number of days missed. When work is not made up within this time, a zero shall be recorded for each assignment not completed. All make-up work must be completed and all grade changes must be submitted to Guidance within 2 weeks of the end of the grading period. No semester changes will be allowed after that time.
 3. Class participation is an integral part of teaching and learning. It is, consequently, an element in the determination of a student's grade. The classroom teacher will be responsible for the implementation of the participation component of the student's grade.

Excessive Absenteeism

Excessive Absenteeism will be addressed with students.

Waiver: Exceptions to the Greenfield-Central High School Attendance Policy and Procedures due to extensive illness, hospitalization, or other extenuating circumstances shall be determined by the principal or his/her designee, or Superintendent or his/her designee, or the Board of Education.

Habitual Truancy (Skipping School/Class)

Truancy is an unexcused absence from school without the knowledge or consent of the school, or an absence from school where there is an attempt to evade the State Attendance Law. A student is considered to be a habitual truant after the second separate truancy referral in a school year. If a student is a habitual truant, the student's name will be reported to the Bureau of Motor Vehicles in accordance with state law in addition to other penalties set out in this policy.

Penalties for Skipping School:

- First Offense: Thursday School, (3:35 -5:35 p.m.)
- Second Offense: In School Detention (2 days)
- Third Offense: 2-4 Day Home Suspension and Loss of driving privileges, referred to Probation
- Fourth Offense: 5-10 day Suspension pending Expulsion from GCHS for the semester or the entire year

If a student is Skipping Class and still in the building, the student will be considered in an Unassigned Area and will be assigned a Tuesday School.

Tardies

A student is late if he/she is not in the assigned room and seat at the time designated for that period to begin. An absence at GCHS is defined as missing 30 or more minutes of class time. Enrichment Block is considered a class.

Almost all tardiness is avoidable. Tardiness disrupts not only your school program but also the progress of your class. Plan to arrive early and allow for emergencies. Students must be in their seat when the bell rings or they are considered tardy. If a student enters class without a pass, the student is tardy.

The following consequences will be applied for tardiness to class:

- 1st-3rd tardy: Teacher discretion
- 4th - 6th tardy: Lunch detention
- 7th + tardy: Tuesday School (3:35 - 4:35 p.m.)

CORPORATION POLICIES

School Property

School facilities such as lockers and desks are school property provided for student use subject to the right of the Superintendent and his/her designee to enter the facility as needed and inspect all items in the facility searched. Students shall not have an expectation of privacy in any facility provided by the school and shall not be permitted to deny entry to a Corporation administrator by the use of a lock or other device.

Student Person and Possession

Prior to a search of a student's person and personal items in the student's immediate possession, consent of the student shall be sought by an administrator. If the student does not consent, such a search shall be permitted based only upon the administrator's individualized reasonable suspicion to believe that the search will produce evidence of a violation of a law, school rule, or a condition that endangers the safety or health of the student or others. Searches of the person of a student shall be conducted and witnessed by a person of the same gender as the student and shall be conducted in a private place. A searched student's parent or guardian shall be notified of the search within

twenty-four (24) hours if possible.

Searches, pursuant to this policy, shall also be permitted in all situations in which the student is under the jurisdiction of the Board as defined by I.C. 20-8.1-5.1-8.

Permission for a student to bring a vehicle on school property shall be conditioned upon consent of the search of the vehicle and all containers inside the vehicle by a school administrator with reasonable suspicion to believe the search will produce evidence of a violation of law, a school rule, or a condition that endangers the safety or health of the student driver or others. The student shall have no expectation of privacy in any vehicle or in the contents of any vehicle operated or parked on school property. The Superintendent may request the assistance of a law enforcement agency in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request from the Superintendent, the search shall be conducted by the law enforcement officers in accordance with the legal standards applicable to law enforcement officers.

Breath Test Instruments

Administrators are authorized to arrange for the use of breath test instruments for the purpose of determining if a student has consumed an illegal substance.

Metal Detectors

Administrators are authorized to use metal detectors to conduct searches when there is reasonable suspicion that a student may be in possession of an item in violation of school rules.

Use of Dogs

The Board authorizes the use of specially trained dogs to detect the presence of drugs or devices such as bombs on school property under the conditions established in the Superintendent's administrative guidelines.

Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the items may be lawfully possessed by the owner. Seized items of no value and seized items that may not lawfully be possessed by the owner shall be destroyed.

The Superintendent shall promptly record in writing the following information for each search pursuant to this policy:

- A. the information upon which the search was based
- B. the time, date, location, students, or places searched, and persons present
- C. a description of any item seized and its disposition

- D. the time and date of notice to the parent or guardian in the case of the search of the person of a student

An inspection of all lockers in the school, or all lockers in a particular area of the school, may be conducted if the principal, superintendent or assistant superintendent reasonably believes that such an inspection is necessary to prevent, impede or substantially reduce the risk of (1) an interference with school purposes or an educational function; (2) a physical injury or illness to any person; (3) damage to person or school property; or (4) a violation of state law or school rules. Examples of circumstance justifying a general inspection of a number of lockers are as follows: The school corporation receives a bomb threat; evidence of student drug, tobacco, or alcohol use creates a reasonable belief of student use; at end of grading period, and before or during school holidays to check for missing library books, or lab chemicals or school equipment; where student violence or threats of violence creates a reasonable belief that weapons are stored in the lockers.

If a general inspection of a number of lockers is necessary, then ALL lockers in the defined inspection area will be examined. Students will not necessarily be given the opportunity to be present while an inspection is being conducted.

Asbestos

Under the Asbestos Hazard Emergency Response ACT (AHERA) of 1986, the School Corporation is required to annually notify all school building employees, building occupants or legal guardians, of the availability and location of the Asbestos Management Plan and of any post-response action activities, including re-inspection and surveillance activities that are planned or in progress.

An asbestos statement of compliance is on file in the district office. For an additional copy, please contact the Chief Operations Officer.

Bullying

1. Bullying committed by students toward other students is strictly prohibited. Engaging in bullying conduct described in this rule by use of data or computer software that is accessed through any computer, any computer system, or any computer network is also prohibited.
2. For purposes of this rule, bullying is defined by IC 20-33-8-0.2. Bullying means overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner (including digitally or electronically), physical acts committed, aggression, or any other behaviors, that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively

hostile school environment. Bullying includes activities that:

- a. Place the targeted student in reasonable fear of harm to the targeted student's person or property;
 - b. Have a substantially detrimental effect on the targeted student's physical or mental health;
 - c. Have the effect of substantially interfering with the targeted student's academic performance; or
 - d. Have the effect of substantially interfering with the targeted student's ability to participate in or benefit from the services, activities, and privileges provided by the school.
3. This rule may be applied regardless of the physical location of the bullying behavior when the bully and targeted student attend a school within the school corporation, and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of other students to a safe and peaceful learning environment.
 4. Any student or parent who has knowledge of conduct in violation of this rule or any student who feels he/she has been bullied in violation of this rule should immediately report the conduct to a school administrator. A student or parent may also report the conduct to a teacher or counselor, who will be responsible for notifying the school administrator. This report may be made anonymously.
 5. The school administrator shall investigate all reports of bullying made pursuant to the provisions of this rule. Such investigation must include any action or appropriate responses that may be taken immediately to address the bullying conduct. The parents of the bully and the targeted student(s) shall be notified within 24 hours of the reported incident of the progress and the findings of the investigation and of any remedial action that has been taken, with periodic follow-up as necessary.
 6. False reporting of bullying conduct as defined in this rule shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions.
 7. A violation of this rule prohibiting bullying may result in any appropriate disciplinary action or sanction, including suspension and/or expulsion.
 8. Counseling, corrective discipline, and/or referral to law enforcement may be used to change the behavior of the bully. This may include appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.

LEGAL REFERENCE: I.C. 20-33-8-0.2, I.C. 20-33-8-13.5

Cyberbullying

Greenfield Central will not accept any type of cyberbullying. Our Schools do not support social media entries that are cruel, harmful, threatening or demonstrate a likelihood of causing a disruption to the school day or any school-sponsored event. Prohibited

behavior includes fake profiles, embarrassing pictures or videos of students or staff, threatening or harassing texts or other electronic communications that fit these criteria. The administration reserves the right to investigate such entries that might cause a disruption to the school setting. If there is a clear link to a substantial disruption of the school day/event, the administration may take formal action through suspension or expulsion, and/or may report the incident to police. Students may pursue civil remedies for defamation and/or intentional infliction of emotional distress.

Criminal Organization Policy

It is the policy of Greenfield-Central Community School Corporation (GCCSC) to prohibit criminal organization (gang) activity and similar destructive or illegal group behavior on school property or school buses or at school-sponsored functions.

It is the policy of GCCSC to prohibit reprisal or retaliation against individuals who report suspected criminal organization activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or others with reliable information about criminal organization activity and similar destructive or illegal group behavior.

"Criminal Organization" means a group with at least three (3) members that specifically either:

- (1) promotes, sponsors, or assists in; or participates in;
 - (2) requires as a condition of membership or continued membership; or
 - (3) has as one of its goals;
- the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery (I.C. 35-42-2-1).

"Criminal Organization Activity": a student who knowingly or intentionally actively participates in a criminal organization, or a student who knowingly or intentionally solicits, recruits, entices, or intimidates another individual to join a criminal organization.

Per I.C. 20-33-9-10.5, a school employee shall report any incidence of suspected criminal organization activity, criminal organization intimidation, or criminal organization recruitment to the principal or designee and the school safety specialist. The principal or principal designee and the school safety specialist may take appropriate action to maintain a safe and secure school environment, including providing appropriate intervention services.

Any corporation and school employee who promptly reports an incident of suspected criminal organization activity and who makes this report in good faith in compliance with the procedures of this policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The principal or principal's designee shall conduct a thorough and complete

investigation for each report of suspected criminal organization activity. The investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident. The principal may appoint additional personnel and request the assistance of law enforcement to assist in the investigation.

The investigation shall be completed and the written findings submitted to the principal as soon as possible, but not later than five school days from the date of the report of the alleged incident of criminal organization activity. Each school within the school corporation shall record the number of investigations disposed of internally and the number of cases referred to local law enforcement, disaggregated by race, ethnicity, age, and gender. Each school shall report this information to the school corporation superintendent who shall submit a written report to the Indiana Department of Education by June 1 of each year beginning in 2017.

The principal or principal's designee shall provide the parents of the students who are parties to any investigation with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents includes the nature of the investigation, whether the corporation found evidence of criminal gang activity, and whether consequences were imposed or services provided to address the activity. This information is to be provided in an expedited manner.

The superintendent of the school corporation is authorized to define the range of ways in which school staff and the principal or the principal's designee shall respond once an incident of criminal organization activity is confirmed, according to the parameters described in the corporation's code of student conduct. The school board recognizes that some acts of criminal organization activity may be isolated incidents requiring that the school officials respond appropriately to the individuals committing the acts. Other acts may be so serious that they require a response either at the school corporation level or by local law enforcement officials. Consequences and appropriate remedial actions for a student who engages in criminal organization activity may range from positive behavioral interventions up to and including suspension or expulsion.

The principal or principal's designee shall proceed in accordance with the code of student conduct, as appropriate, based on the investigation findings. As appropriate to the investigation findings, the principal shall ensure the code of student conduct has been implemented, and provide intervention and/or relevant support services. The principal or designee shall inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services.

The school corporation shall establish the following educational programs in its effort to address criminal organization activity:

(1) An evidence based educational criminal organization awareness program for students, school employees, and parents.

(2) A school employee development program to provide the training to school employees in the implementation of the criminal organization policy established under I.C. 20-26-18.

The superintendent or his or her designee shall ensure that notice of the corporation's policy appears in the student handbooks and all other publications of the school corporation that set forth the comprehensive rules, procedures and standards for schools within the school corporation.

Non-Service Animals for Curricular Purposes

When requested by a Corporation teacher or staff member, the Superintendent or his or her designee shall determine if bringing an animal into the building/classroom is appropriate for educational purposes. Even if an animal has been previously approved, the Superintendent or his or her designee may revoke permission for the animal's presence at any time for any reason.

Transportation Rules

The Greenfield-Central Community School Corporation bus drivers are responsible for and have control of their assigned buses at all times. The driver shall keep order, maintain discipline, treat all individuals in a civil manner, see that no one is imposed upon or mistreated while on the bus and ensure the safety of everyone on the bus.

1. When school children are being transported on a school bus, they are under the supervision, direction and control of the school bus driver and are subject to disciplinary measures by the bus driver and the governing body of the school corporation (I.C. 20-9.1-5-19). The school bus driver shall keep order and maintain discipline among the children while in the school bus or along the route, being firm but polite, impartial and fair and shall use every care for the safety of the children.
2. Students are not permitted to video or photograph other students or adults without their permission while on the bus.
3. A student shall be located immediately upon entering the bus in the place assigned by the driver as deemed necessary.
4. Students shall not stand or move from place to place during the trip. If students are assigned seats, they will remain seated throughout the trip on the bus.
5. Loud, boisterous, or profane language or indecent conduct will not be tolerated.
6. Students shall not be allowed to tease, scuffle, trip, hold, hit or use their hands, feet or body in any other objectionable manner.
7. Windows and doors will not be opened or closed except by permission of the bus driver. There is a safety line on all side window posts and windows must not be lowered past that line. All body parts must be inside the bus at all times. No objects are to be thrown out the window.

8. Students shall not enter or exit the bus until it has come to a full stop and the door has been opened by the bus driver.
9. Students shall be waiting at their designated bus stop area five minutes prior to the expected bus arrival time. The bus driver will not be required to wait longer than any other stop. If there is no signal from the parent, the driver may leave.
10. If a student does not ride for three (3) consecutive days without prior notification from the parent or guardian, the driver is not required to stop. Bus service will resume after the parent or guardian contacts the Transportation Department.
11. Students should stay at least ten (10) feet back from the spot where the school bus stops for pickups. Students should not crowd to be first on bus. They should wait until the bus has come to a complete stop.

Student Disciplinary Procedure for Bus Transportation Violations

Any student behaving in such a manner that prevents a school bus driver from performing his/her responsibilities may be dismissed from the bus and possibly lose his/her riding privileges after recommendation of the Driver and approval of the Principal and Director of Transportation. The parent(s) shall be notified at each step.

Under normal conditions, the school bus driver shall first discuss the problem with the student. If the problem continues, the following steps will be used:

- Step 1. First Documented Violation: Student Issued a Written Warning
- Step 2. Second Documented Violation: Student Denied Bus Transportation for One (1) Day
- Step 3. Third Documented Violation: Student Denied Bus Transportation for Three (3) Consecutive Days
- Step 4. Fourth Documented Violation: Student Denied Bus Transportation for Five (5) Consecutive Days
- Step 5. Fifth Documented Violation: Student Denied Bus Transportation for (20) Consecutive Days
- Step 6. Sixth Documented Violation: Student Denied Bus Transportation for the Balance of the School Year.

Each step shall be documented by the bus driver using the corporation's Bus Conduct Report Form and given to the building principal within one (1) working day. The bus driver shall contact the student's parent/guardian prior to turning in the Bus Conduct Report Form to the principal and this contact shall be noted on the form. The principal shall sign the form, respond as needed and forward a copy of the form to the parent/guardian and Director of Transportation.

If, in the opinion of the school bus driver, circumstances warrant immediate discipline, the driver shall have the authority to deny a student bus privileges for one day per occurrence. This will be considered a warning and a Conduct Report Form will be issued by the bus driver. The principal and a parent shall be notified before implementation. If a student is suspended from bus service he/she may not ride any bus for that period of time.

Bus Rules for Pupil Safety

The safety of your child is one of the most important factors involved on and off the school bus. It is most critical that your child stays back from the edge of the bus pick-up area until the bus has come to a complete stop and the stop arm is out. Then, after your child has checked that traffic has stopped in both directions, he/she should proceed onto the bus. Transportation is provided for students in the morning and afternoon. (Kindergarten students are provided transportation only one way.) School bus drivers are to have control of all school children conveyed between the homes of the children and the school, and the return trip. The driver shall keep order, maintain discipline among the children while in the bus or along the route, shall treat all children in a civil manner, see that no child is imposed upon or mistreated while in his/her charge, and shall use every care for the safety of the children in his/her charge.

After School Transportation Changes

If there is a change in your child's school transportation routine (going home with friends), a note must be provided to the school stating where, when, and how often this is to occur. Please date and sign the notes to both the bus driver and the office. **CHILDREN WILL NOT BE ALLOWED TO CHANGE THEIR USUAL TRANSPORTATION ROUTINE WITHOUT SUCH A NOTE.** We also ask that such arrangements not be made over the telephone. A Special Transportation Request Form may also be required for long-term changes.

Restraint and Seclusion

Every effort should be made to prevent the need to restrain or place students in seclusion. However, Greenfield-Central Community School Corporation recognizes that at times it may become necessary for employees to use restraints and/or seclusion as a last resort safety procedure, employed only after another, less restrictive procedure has been implemented without success, and when there is also an imminent risk of serious physical harm to the student or others. Restraint or seclusion should not be used as a means of punishment or convenience. Law enforcement officers, including School Resource Officers (SROs) will follow their own procedures and training if it becomes necessary to restrain or hold a student in seclusion. As soon as possible after any such use of restraint and/or seclusion, the parents or guardian will be informed when any of these actions have occurred and will be provided with a detailed account of the incident including the circumstances that led to the use of restraint and/or seclusion.

Food Service Meal Charging - Board Policy #8520

Meals sold by the Corporation may be purchased by students, staff members and community residents in accordance with the procedures established by the Superintendent. Schools are not required to provide meals to non-paying full priced or reduced-price students; although, it is the school meal program's primary purpose to feed students. It is a local decision whether to allow meal charges.

Greenfield-Central emphasizes that students should not undergo hardship at school as a result of parents/guardians failing to pay for their meals. In setting policy the program requirements prohibit schools from denying meals for disciplinary reasons, if the child has money in hand, and for any designated free student. If there is a situation that prevents parents/guardians from paying for food, they should contact the principal of their building.

We strongly discourage meal charges as this affects the Child Nutrition Program. Students and adults are expected to pay cash daily or in advance for all food purchases. Any change due at the point of sale will be receipted into the prepaid meal account.

Greenfield-Central policy for meal charges is as follows:

Elementary (K-6)

- Students may charge breakfasts and lunches
- A la carte items may not be charged
- Notification will be sent to parents/guardians concerning the status of their child(s) prepaid account via low balance letter, email, text, or phone call to the household.
- All charges must be paid by the last school day of the month; after that time the parent/guardian may be assigned to collections.
- **Any arrears in excess of \$50 will be assigned to collections on a monthly basis.** Any costs associated with collections will be passed on to the parent.

Secondary (7-12)

- Students may charge up to four (4) meals. If the (4) charge limit is met the parent/guardian shall provide meals from home
- A la carte items may not be charged
- Notification will be sent to parents/guardians concerning the status of their child(s) prepaid account via low balance letter, email, text, or phone call to the household.
- All charges must be paid by the last school day of the month

Adults may not charge meals or a la carte items at any school within the corporation. Staff should not provide money to students to purchase meals or a la carte items.

All balances, positive or negative, will transfer to the next school year. A prepaid account becomes inactive when a student withdraws from the corporation, graduates, or after nine (9) weeks with no transaction activity. In order to receive remaining prepaid meal account funds, requests must be made within sixty (60) days of becoming inactive. If unclaimed, these funds will then become property of Greenfield-Central Community School Corporation Department of Food Services and placed in the Feed the Future account. However, provided that a parent requests and can document entitlement to the positive balance in the prepaid account, the parent is entitled to a refund of that amount.

To request funds, complete the form <https://forms.gle/A9pMGvEoN9yfirPs6> or contact a staff member of Department of Food Services.

Collection and Forgiveness of Debt

The Board understands it is required to collect all monies owed to it by patrons, employees, parents and students, including money owed through student lunch accounts, textbook accounts, extracurricular accounts, or other accounts. This would also include checks that are returned as having "non-sufficient funds" that require proper payment and an additional \$20 fee to cover bank charges and administrative overhead. Every effort should be made by the school administration to collect the monies owed to the school corporation including collection procedures. Such efforts should be documented by school administration before the debt is forgiven, waived, or written off of the school corporation accounts.

The school corporation may forgive, waive, or write-off all or a portion of the debt if one of the following conditions is met:

- A. The school administration determines that the student or the parent or guardian of the student is unable to pay the debt;
- B. The payment of the debt could impact the health or safety of the student;
- C. The cost to pursue and collect the debt from the student and his/her parents would cost more than the potential total debt collected; or
- D. There are mitigating circumstances as determined by the superintendent that preclude the collection of the debt.

Every decision to forgive, waive, or write-off a debt should be documented and include the specific facts for the decision relating to one of the above stated reasons.

The superintendent may develop regulations addressing specific situations relating to the above conditions.

In the cases where a positive balance exists in the accounts, every effort should be made by the school administration to return the positive balance to the account holder when the person is no longer in the school corporation. If attempts made to refund the balance have been unsuccessful, the balance should be transferred to the corresponding school fund or if such transfer is not appropriate, to the school corporation general fund.

Virtual/E-Learning Day

In order to fulfill the state attendance requirements for a given school year, GCSCS may opt to conduct a school day as a virtual learning day. This may occur for planned professional development, for inclement weather or other reasons deemed necessary. During a virtual eLearning day all school facilities will be closed for students during regular school hours. All assigned student work should be completed on school-supplied digital devices within one week of the specified days. Students who do not complete the assigned work may be counted absent for the day.

School Safety

A critical ingredient in the safe school recipe is the classroom response to an incident at school. Weather events, fire, accidents, intruders and other threats to student safety are scenarios that are planned and trained for by students, teachers, staff and administration.

Standard Response Protocol

Our school is expanding the safety program to include the Standard Response Protocol - Extended (SRPx). The SRPx is based on these five actions: Lockout, Lockdown, Evacuate, Shelter and Hold. Per Indiana code, schools are required to conduct and document safety drills for students in these areas. Please take a moment to review these actions, per Indiana law, we are required to conduct drills regarding each of these scenarios multiple times each year.

RIGHTS UNDER FERPA FOR ELEMENTARY AND SECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to students' educational records. They are:

1. The right to inspect and review the student's educational record within 45 days of the day the School Corporation receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading. Parents or eligible students may ask Greenfield-Central School Corporation to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School Corporation decides not to amend the record as requested by the parent or eligible student, the School Corporation will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interest. A school official is a person employed by the School Corporation as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School Corporation has contracted to perform a special task (such as attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

Student Privacy, Parental Access to Information, and Inspection of Materials

The School Board respects the privacy rights of parents and their children. No student shall be

required as a part of the school program or the Corporation's curriculum, without prior written consent of the student (if an adult or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- political affiliations or beliefs of the student or his/her parents;
- mental or psychological problems of the student or his/her family;
- sex behavior or attitudes;
- illegal, anti-social, self-incriminating, or demeaning behavior;
- critical appraisals of other individuals with whom respondents have close family relationships;
- legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- religious practices, affiliations or beliefs of the student or his/her parents; or
- income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

The Superintendent will establish procedures whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

Additionally, parents have the right to inspect, upon request, any instructional material used as part of the educational curriculum of the student. The parent will have access to the instructional material within a reasonable period of time after the request is received by the building principal. The term instructional material means instructional content that is provided to a student, regardless of its format, including printed and representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or assessments.

The Board will not allow the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).

The administration will notify parents of students in the Corporation, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose); and
- The administration of any survey by the Corporation or a third party that contains one or more of the items described above.

Release of Information to the Military

Federal law requires schools to provide high school juniors and seniors' names, addresses, and

telephone numbers to military recruiters. Parents may opt out of this disclosure of directory information to military recruiters by delivering the request in writing to the school within fourteen days of the start of school or within fourteen days of enrolling their student.

Parent's Right to Know

Upon a parent's request, the School Corporation will provide information regarding the professional qualifications of their student's classroom teachers, including whether the student's teacher (a) has met Indiana's qualification and licensing criteria for the teacher's grade levels and subject areas, (b) is teaching under emergency or other provisional qualification/licensing status, or (c) has been subject to discipline of the teacher's license, and whether the student is provided services by paraprofessionals and, if so, their qualifications.

Testing

Upon request, parents will be provided with information regarding student participation in assessments mandated by state and federal law, or by the School Corporation. More information about Indiana's testing requirements is available at: <http://www.doe.in.gov/assessment>

Meningococcal Disease

Indiana law requires each year that parents/guardians be informed "about meningococcal disease and its vaccine" (I.C. 20-30-5-18).

Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and limb amputations. Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea, and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal diseases are transmitted through air droplets and by direct contact with an infected person. Fortunately there is an immunization available and the U.S. Centers for Disease Control and Prevention recommends routine meningococcal immunizations at 11 to 12 years old. For teenagers, immunization is recommended at high school entry and incoming college freshman.

Please talk with your child's health care provider about meningococcal disease and vaccination.

Pesticide Use

On occasion, the Corporation may find it necessary to utilize pesticides in order to control a pest problem. When these occasions occur, the school will use the lowest risk products available. If higher risk pesticides must be used, notices will be sent to all individuals registered in the school corporation's Pesticide Notification Registry.

Parents, legal guardians, and school staff will be notified of specific pesticide applications made at the school. To receive notification, you must be placed on the notification registry. Forms are available in each school's office. Notification will be given at least two days before planned pesticide applications during the normal school year. In addition, for pesticides applied anytime during the year, emergency application notifications will be given as soon as possible.

Notifications need not be given for pesticide applications recognized by law to pose little or no risk of exposure to children or staff. The Corporation will keep records of pesticide applications and information about the pesticides used for two years. Anyone may request to review these

records by contacting the corporation's Director of Buildings and Grounds at 317-326-3126.

Wellness

The Corporation promotes student wellness by supporting healthy choices, good nutrition, and physical activity as part of the total learning environment. For more details, the Corporation's Wellness Policy is available online under Board Policy A275.

Tobacco and Smoke Free Environment

The Corporation prohibits the use of tobacco in any form, including cigar, cigarette, pipe, snuff, or any other matter or substance that contains tobacco, and the use of any electronic, "vapor," or other substitute forms of cigarettes in any school building or facility; on Corporation property or grounds (including parking lots, athletic facilities, etc.); in vehicles owned, leased, or operated by the Corporation; and during Corporation events, if held outside of Corporation property (for example, prom or field trips). This policy applies to all employees, students, partners, patrons, vendors, visitors, and all third parties at all times.

McKinney Vento Residency and Educational Rights

The corporation will work with homeless students and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided corporation services for which they are eligible, including Head Start, Title I, special education, bilingual education, vocational and technical education programs, gifted and talented programs and school nutrition programs.

Students determined to be in a homeless living situation have the following rights:

- Enrollment in the school they last attended or the school in whose attendance are they are currently staying even if they do not have all of the documents normally required at the time of enrollment;
- Access to free meals and textbooks, Title I and other educational programs, and other comparable services including transportation where applicable;
- To attend the same classes and activities that students in other living situations also participate without fear of being separated or treated differently due to their housing situations.

Any questions about these rights can be directed to the Corporation's Civil Rights Coordinator or the State Coordinator.

CODE OF CONDUCT

Student Dress Code

The appearance and dress of any student is the primary responsibility of both the student and the parent. Administrators expect students to dress for College and Career Readiness each day when representing GCHS. With that goal, it is difficult to predict each spring what the style will be for the fall. The school administrators will make decisions concerning the appropriateness of any new styles in dress. Each aspect of the educational program seeks to create a learning environment, which is safe and focuses on high academic achievement for all students. A student dress code is one aspect, which supports the educational program. Therefore, the dress code will seek to accomplish the following:

- Maintain a safe and secure environment
- Focus students on their academic achievement
- Help students develop appropriate social and occupational dress and appearance skills
Help students develop a positive and healthy self-esteem
- Create school pride
- We would like to clarify our expectations:
 - Shirts must have sleeves with no midriffs exposed. There should be no plunging necklines, excessive back exposure or visible undergarments.
 - Any covering on the lower body should be in good taste and should not have skin exposed above the lower thigh.
 - Hats or hair coverings that block a student's face should not be worn in the building. Wearing of sunglasses or other items that cover the head or face may be allowed with special permission from the administration. At teacher discretion,

- hoods may be worn in the classroom.
- o Shoes must be worn at all times.

Mobile Phones/Electronic Devices

Public wi-fi will not be available at GCHS.

In the event of an emergency, parents/guardians and students are to call the school directly at 462-9211. Parents/Guardians may call the office to relay emergency information. Students are not to call their parents/guardians directly to pick them up if they feel sick. Students must report to the nurse's office and the nurse will contact their parents/guardians.

The following are inappropriate uses of electronic signaling devices: harassment, threats, intimidation, electronic forgery, cyberbullying/cyberthreats, invasion of personal rights, cheating on tests/exams, or other forms of illegal behavior during the instructional and non-instructional day. Photographing, videotaping or otherwise recording individuals is strictly prohibited without teacher/administrative approval. Students shall not capture, display, send or possess pictures of a sexual nature. A violation of any of these may result in suspension or expulsion.

If a mobile phone or other electronic device rings, vibrates or is otherwise evident during testing, the device will be confiscated and the student removed from the test

situation.

For further clarification, refer to the RUP (Responsible Use Policy - A300) on the Corporation website.

GCSC Tobacco/Electronic Cigarette/Vaping Diversion Program

A student found to be in violation of Indiana law and the Greenfield Central Community School Corporation (GCSC) tobacco/electronic cigarette/vaping rules will be offered an opportunity to attend a diversion program to avoid referral to the court for prosecution.

The program includes attending an educational program in Greenfield Central High School classroom and paying a user fee.

Students are expected to actively participate in class and not cause any disruption. No cell phones or other electronic devices are allowed to be out during the class, unless such device is being used for class participation under a pre-approved Section 504 accommodation. Students who cause any disruption or use any unauthorized electronic devices will be removed from the program and the matter forwarded to the court without further notice. No warnings will be given. (Having a cell phone out or any unauthorized electronic device, including headphones, will be considered a violation).

Students may only participate once a school year and twice while at Greenfield-Central School Corporation. Further violations will be referred to the court for prosecution. **If the student is serving a suspension or expulsion at the time the class is held (which disallows the student to be at school for the class), the student will be issued a ticket, referred to court and not allowed to participate in this program.**

If your student completes the program, the matter will not be forwarded to the court, there is no court record of the violation, and the level of school discipline will be reduced. No refunds will be provided for any reason. If the student starts the program and fails to complete it, or is removed, you will forfeit the user fee and the matter will be turned over to the court.

Eligible students will be provided with further details upon the determination of eligibility.

GROUNDNS FOR SUSPENSION OR EXPULSION

The Board acknowledges that conduct is closely related to learning and that an effective instructional program requires an orderly school environment, which is, in part, reflected in the behavior of students.

The Board believes that:

- the best discipline is self-imposed;
- students should learn to assume responsibility for their own behavior and the consequences of their actions.

The Board shall require each student of this Corporation to adhere to the Code of Conduct promulgated by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. Such rules shall require that students:

- conform to reasonable standards of socially-acceptable behavior;
- respect the person and property of others;
- preserve the degree of order necessary to the educational program in which they are engaged;
- respect the rights of others;
- obey constituted authority and respond to those who hold that authority.

The Superintendent shall promulgate administrative guidelines for student conduct which carry out the purposes of this policy and: are not arbitrary but bear a reasonable relationship to the need to maintain a school environment conducive to learning;

- do not discriminate among students;
- do not demean students;
- do not violate any individual rights constitutionally guaranteed to students.

The Superintendent shall designate sanctions for the infractions of rules which shall:

- relate in kind and degree to the infraction;
- help the student learn to take responsibility for his/her actions;
- be directed, where possible, to reduce the effects of any harm which may have been caused by the student's misconduct.

The Superintendent shall publish to all students and their parents the rules of this Corporation regarding student conduct, the sanctions which may be imposed for breach of those rules, and the due process procedures that will be followed in administering the Code of Conduct. Parents and adult students and students in grades 6 through 12 shall be provided a form which is to be returned to the school principal confirming that the Code of Conduct has been read and is understood. Failure to return the form shall have no effect on the utilization of the disciplinary actions contained in the Code with that student. The Superintendent shall report to the Board periodically the methods of discipline used and the incidents of those types of student misconduct designated by the Board.

The Principal shall have the authority to assign discipline to students, subject to Corporation administrative guidelines and the student's due process right to notice, hearing, and appeal. Teachers and other employees of this Board having authority over students shall have the

- authority to take such means as may be necessary to control the disorderly conduct of students;
- in all situations and in all places where such students are within the jurisdiction of this Board.
 - when such conduct interferes with the educational program of the schools or threatens the health and safety of others.

No student is to be detained after the close of the regular school day unless the student's parent has been contacted and informed that the student will be detained or other suitable transportation arrangements have been made.

School officials may find it necessary to discipline students when their behavior interferes with school purposes or educational functions of the school corporation. In accordance with the provisions of I.C. 20-33-8, administrators and staff members may take the following actions:

1. REMOVAL FROM CLASS OR ACTIVITY TEACHER:

- a) A middle school, junior high, or high school teacher may remove a student from the teacher's class or activity for a period of up to 1 school day if the student is assigned regular or additional work to be completed in another school setting.
- b) An elementary teacher may remove a student from the teacher's classroom or activity for a period of up to one (1) school day if the student is assigned regular or additional work to be completed in another school setting.
- c) If a teacher removes a student from class under a) or b) above, the principal may place the student in one of the following settings: another appropriate class, another appropriate setting, or in-school suspension.

2. SUSPENSION FROM SCHOOL PRINCIPAL:

A school principal (or designee) may deny a student the right to attend school and/or take part in any school function for a period of up to 5 school days.

3. EXPULSION: A student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester. In cases where the student is being expelled for possession of a firearm, a destructive device, or a deadly weapon, the maximum length of the expulsion period is listed under the Grounds for Suspension and Expulsion, Section C and Section D.

GROUND FORS SUSPENSION OR EXPULSION

The grounds for suspension or expulsion listed in Section A below apply when a student engages in unlawful activity occurring at any time or location, including

- Off school grounds at a school activity, function, or event; or
- Traveling to or from school or a school activity, function, or event.

A violation by a student of a rule listed in Sections A and B is subject to a range of disciplinary consequences imposed by teachers or administrators intended to be progressive in nature and move to a more serious consequence with each violation of the same or similar rule. In recognizing that violations of certain rules and the resulting consequences will be dependent upon the age of the student, the number of prior violations and the severity of the violation, the principal of each building level shall develop the minimum and maximum consequences for each rule for their building that is to be approved by the board annually and published in the student handbook for each building. The appropriate consequence should be the least severe that will adequately address any danger to the student and other persons, prevent further disruption of activities, and promote student achievement.

1. A meeting will be held prior to the suspension of any student. At this meeting the student will be entitled to:
 - a. a written or oral statement of the charges against the student;
 - b. if the student denies the charges, a summary of the evidence against the student will be presented; and,

RANDOM STUDENT DRUG AND ALCOHOL TESTING PROGRAM

The Board of School Trustees of the Greenfield-Central Community School Corporation recognizes the health risks and dangers associated with the use of unlawful drugs and/or alcohol. Drug and alcohol abuse in the school is a threat to the safety and health of students, faculty, and staff. It jeopardizes the efficiency and the quality of our educational programs. The risks associated with such abuse may include the possibility of impaired judgment, diminished capacity, and deterioration of the organs of the body, addiction, and conditions that substantially inhibit students from performing to their fullest natural ability.

The extra-curricular and athletic activity programs of Greenfield-Central CSC are an integral part of the school system and the community. The recognized value of extra-curricular participation to a student's personal development has given these activities a high priority in the total school program. The Board of School Trustees encourages all students to participate in extracurricular programs of the school, but it believes the opportunity for such participation is not an absolute right. This participation is a privilege offered to students who meet both the scholastic and the physical conditions of eligibility. One such condition shall be agreement by the student to submit to testing for the use of drugs, alcohol, and tobacco products, if selected, in accordance with the testing program.

The program will be applied to all junior and senior high school students (7-12), who participate in extracurricular activities and athletics.

A verified "positive" test result shall be considered a violation of this Random Student Drug and Alcohol Testing program.

This program will not affect the policies, practices, or rights of the School Corporation in dealing with drug and/or alcohol possession or use where reasonable suspicion is obtained by means other than random sampling for the extra-curricular activities provided herein.

Greenfield-Central CSC also reserves the right to request from the parent/guardian permission to test any student, who exhibits negative behavior or indications of drug and/or alcohol usage.

Purpose

The random drug-testing program is not intended to be disciplinary or punitive in nature. Students involved in extracurricular activities need to be exemplary in the eyes of the community and other students. The purpose of this program is to prevent a student from participating in extracurricular activities and/or athletics while the student has drug residues in the student's body, and to educate, help, and direct students away from drug and alcohol abuse and toward a healthy and drug free participation. No student shall be expelled or suspended from school as a result of any verified "positive" test conducted by the school under this Random Student Drug and Alcohol Testing program.

Scope

Participation in Greenfield-Central Community School Corporation extracurricular activities is a privilege. This program applies to all Greenfield-Central CSC students in grades 7-12, regardless

of age, who wish to participate in extracurricular activities that are listed in the current student handbook and any other school sponsored extracurricular activities not listed.

Consent form

It is mandatory that each student, who participates in extracurricular activities, sign and return the “consent form” prior to participation in any said activity. Failure to comply will result in non-participation.

Each extracurricular participant shall be provided with a “consent form,” which shall be dated and signed by the participant and by the parent/guardian. In so doing, the student is agreeing to participate in the random drug testing program at Greenfield-Central CSC. Any student, with the written consent of his/her parent, who voluntarily withdraws consent for random drug and alcohol testing, will be subject to a minimum 42-calendar day non-participation period.

Procedures

School administration will set up the testing environment, guarantee samples, and supervise the chain of custody as recommended by the approved laboratory. A saliva specimen will be taken on site and will involve supervision by school administration.

Students will be tested randomly as they are drawn periodically from the pool of those agreeing to be tested. The testing may occur on different days, Monday through Saturday. This will keep students conscious of the possibility of being tested at any time during the year. A minimum of eight (8) testing dates may be conducted yearly for students in grades 9-12. A minimum of eight (8) testing dates may also be conducted yearly for students in grades 7-8. Students will be selected through a random process. Refusal to participate in a Drug Test either during Random Drug Testing or at parent request will count as a positive test result as well as suspension.

No student will be given advance notice or early warning of the testing. In addition, a strict chain of custody will be enforced to eliminate invalid tests or outside influences.

Each student will remain under school supervision until the student has produced an adequate specimen. Parents will be contacted and informed if the student refuses to provide a specimen in the testing procedure. If appropriate, the student will be tested at a later date in order to be reinstated for eligibility.

Under circumstances where a student has been involuntarily exposed to illegal substances, the parent and student must report this in writing to the principal or designee prior to random drug testing. Reports after testing will not be accepted, and the results of the test and subsequent action shall prevail in accordance with the drug testing program.

Test results reporting procedure

In this program, the Greenfield Central High School and Junior High administration will be notified by the testing lab of a student testing “positive,” and the administrator will notify the parent(s)/guardian(s) and the student.

The administrator will provide the parent(s)/guardian(s) with the names of agencies that can be of help to the student. The administrator will notify the student and the parent(s)/guardian(s) of any disciplinary action based on the policies/procedures as outlined in the GCHS Student Handbook, the Athletic Code Handbook, school handouts, or the guidelines established in this program. A “positive” test result in this random student drug testing program will not subject the student to discipline other than as it relates to extra-curricular activities.

Positive test results

In the event a student tests positive, the student, along with the parent(s)/guardian(s) will meet with the school administrator. Parents and/or guardians will be notified by the school administrator. During this meeting the positive testing will be reported to the student and the parent(s)/guardian(s). They will also be told that the student is restricted from participation in the extracurricular activities listed in this program. The severity of the penalty will be in accordance with the appropriate extracurricular code. At the end of the restriction from activities, the student must have a “negative” test prior to reinstatement in the extracurricular activity(s). Should this retest be a “positive” test, it would be a second “positive,” and would be sanctioned accordingly.

Financial responsibility.

- A. Under this policy, Greenfield-Central CSC will pay for all initial random drug tests.
- B. Counseling and school approved subsequent treatment programs by non-school agencies are the financial responsibility of the student or his/her parent/guardian.

Definition of ECA Pool: The ECA pool consists of any student who is in a school sponsored activity that is not considered co-curricular by definition. A co-curricular activity is any activity that involves student participation outside regular school class time, is related to a class and is required in order for an enrolled student to receive a grade or credit. A positive test result cannot affect any grade in any way.

Exclusion time from date of notification

The length of exclusion from extra-curricular activities will be determined in accordance with the Athletic Code Handbook and/or school handbooks. If no exclusion period from extra-curricular activities is defined, the exclusion is as follows:

Tampering, Cheating or tampering with a specimen will result in the student being ineligible for all activities listed in this program for the remainder of the school year.

1st offense

- Tobacco-42 Calendar Days
- Alcohol-42 Calendar Days

- Drugs-84 Calendar Days

During the period of suspension, the student is excluded from attending all extra-curricular activities in which he/she participates. Re-testing may take place periodically throughout the school year at the expense of the parents/guardians.

Rehabilitation Clause: On the first offense, the student may regain eligibility to participate after 21 days for tobacco products, 21 days for alcohol, and 42 days for drugs, if the student: 1) presents documentation of participation in a recognized multi-session treatment/assistance program; 2) participates in the student services program; 3) has a follow-up “negative” test.

2nd Offense

- Tobacco- 90 Calendar Days
- Alcohol-90 Calendar Days
- Drugs- 365 Calendar Days

During the period of suspension, the student is excluded from attending all extra-curricular activities in which he/she participates. Re-testing may take place periodically throughout the school year at the expense of the parents/guardians.

Rehabilitation Clause: On the second offense, the student may regain eligibility to participate after 45 days for tobacco products, 45 days for alcohol, and 182 days for drugs, if the student:

1. presents documentation of participation in a recognized multi-session treatment/assistance program;
2. participates in the student service program;
3. has a follow-up “negative” test.

3rd Offense

Exclusion for the balance of attendance at Greenfield-Central CSC.

First and second junior high school offenses do not transfer to the high school. However, exclusion periods for a second offense in the junior high school will be enforced at the high school until the time period expires. Any penalty assessed at the junior high school of exclusion for the balance of attendance at Greenfield-Central CSC may be appealed for relief to the high school principal while the student is enrolled at Greenfield-Central High School.

Our goal, with the help of parents/guardians, students and the school staff working together, is to create a drug free environment at Greenfield-Central CSC.

Confidentiality

Under this drug testing program, any administrator of the Greenfield-Central CSC who may have knowledge of the results of a drug test will not divulge to anyone the results of the test or the disposition of the student involved, other than when a court order specifically requires the test results be divulged or the parent or guardian of the student has provided written consent to the release of the test results, for a student less than 18 years of age, or if the student consents to the release of the test results, in the situation where the student is over 18 years of age.

Implementation. The Board directs the Superintendent to develop administrative guidelines, including the staff development of personnel and the use of educational materials for students and parent(s)/guardians(s) to fully implement all aspects of this program.

GENERAL INFORMATION

Allergies

Out of respect for those with allergies, perfume/cologne/lotions should not be used in the classroom setting.

Backpacks

At teacher discretion, backpacks may be placed in a designated area to avoid them being in the aisle way or other unsafe area.

Cafeteria

Greenfield-Central High School students are fortunate that an excellent cafeteria is available to them daily, serving both a type A lunch as well as an a la carte lunch. Breakfast is also offered daily. Lunch prices will be posted on the school website. Students are to keep the cafeteria clean and neat. Students are not to have food or drink delivered to school. No outside visitors are allowed in the lunchroom. There is to be no “cutting in line” by students. All students must stay in the cafeteria during lunch. All food and drinks are to remain in the cafeteria. Students caught stealing food will be disciplined. Students should not be in the cafeteria other than during their assigned lunch time.

Each year during registration of students and anytime during the school year, families may request an application for free and reduced meals. Parents are encouraged to apply for free/reduced meal assistance if there is a need. The application may be secured from any school office and filed with the office of the superintendent. Signup is also available through the Corporation website under the Parent pulldown menu. Parents are responsible for meals consumed prior to a free/reduced application being processed.

Meal Payments /Food Service Meal Charging - Board Policy #8520

Meals sold by the Corporation may be purchased by students, staff members and community residents in accordance with the procedures established by the Superintendent. Schools are not required to provide meals to non-paying full priced or reduced-price students; although, it is the school meal program's primary purpose to feed students. It is a local decision whether to allow meal charges.

Greenfield-Central emphasizes that students should not undergo hardship at school as a result of parents/guardians failing to pay for their meals. In setting policy the program requirements prohibit schools from denying meals for disciplinary reasons, if the child has money in hand, and for any designated free student. If there is a situation that prevents parents/guardians from paying for food, they should contact the principal of their building.

We strongly discourage meal charges as this affects the Child Nutrition Program. Students and adults are expected to pay cash daily or in advance for all food purchases. Any change due at the point of sale will be receipted into the prepaid meal account.

Greenfield-Central policy for meal charges is as follows:

Elementary (K-6)

- Students may charge breakfasts and lunches
- A la carte items may not be charged
- Notification will be sent to parents/guardians concerning the status of their child(s) prepaid account via low balance letter, email, text, or phone call to the household.
- All charges must be paid by the last school day of the month; after that time the parent/guardian may be assigned to collections.
- **Any arrears in excess of \$50 will be assigned to collections on a monthly basis.** Any costs associated with collections will be passed on to the parent.

Secondary (7-12)

- Students may charge up to four (4) meals. If the (4) charge limit is met the parent/guardian shall provide meals from home
- A la carte items may not be charged
- Notification will be sent to parents/guardians concerning the status of their child(s) prepaid account via low balance letter, email, text, or phone call to the household.
- All charges must be paid by the last school day of the month

Adults may not charge meals or a la carte items at any school within the corporation. Staff should not provide money to students to purchase meals or a la carte items.

All balances, positive or negative, will transfer to the next school year. A prepaid account becomes inactive when a student withdraws from the corporation, graduates, or after nine (9) weeks with no transaction activity. In order to receive remaining prepaid meal account funds, requests must be made within sixty (60) days of becoming inactive. If unclaimed, these funds will then become property of Greenfield-Central Community School Corporation Department of Food Services and placed in the Feed the Future account. However, provided that a parent requests and can document entitlement to the positive balance in the prepaid account, the parent is entitled to a refund of that amount.

To request funds, complete the form <https://forms.gle/A9pMGvEoN9yfjrPs6> or contact a staff member of Department of Food Services.

Food Allergies

Requests for substitutions due to allergies or any other dietary needs will require a note from the student's doctor stating exactly what accommodation needs to be made. The Food Service Program will not accommodate a student's request for specific substitutions to their meal that is based solely on religious or lifestyle choices. Notes can be submitted to the cafeteria or corporation Registered Dietitian.

Cougar Café

The Cougar Cafe is open Monday - Friday 8 a.m. - 4 p.m. The Cafe is to be used for credit recovery and homework help. Any students seeking assistance from the Cougar Cafe from their Enrichment Block must ask the teachers in the Cougar Cafe for a pass prior to their EB. Passes will be given at the discretion of the Cougar Cafe teachers due to space and supervision requirements. Students are expected to follow school rules and behavior guidelines while in the Cougar Cafe. Students who misbehave are subject to disciplinary action or removal. The teachers may send students back to EB if the space is not being used for its intended purposes.

Dance Guests

Any non-G-C student attending a school dance must receive pre-approval by our school administration to attend. Forms are available in the Attendance Office.

Election Worker

Election Day worker permission and verification forms are available in the Assistant Principal's office. Permission forms must be on file 24 hours before the day of absence. Verification forms must be returned when the student returns to school.

Emergency School Closing

Occasionally it is necessary to close school due to weather related or mechanical problems. Parents and students are advised to listen to radio stations or TV stations. Closing information

will also be posted on the corporation website, Facebook and Twitter pages. The Parent Square System is the primary notification of school closings, delays, emergency early dismissals, cancellations and major school safety alerts. During the registration process, parents will provide the necessary information to determine how Parent Square messages will be sent to them. Message formats include, but are not limited to, email, phone, text messaging, pager and PDA devices. It will be the responsibility of the parent to provide updated information for the Parent Square system. An annual charge for this service will be included in the fees portion of textbook rental & fees.

You may also listen to WRTV-TV (6), WISH-TV (8), WTHR-TV (13), FOX(59) or Greenfield-Central School Corporation radio station, WRGF. You may also reference social media sites (Twitter and Facebook). Every effort will be made by school officials to make such decisions before 6:30 A.M., so that the word can be spread to all involved parties. Please do not call Central Office or school offices.

Evacuation Drills

Evacuation and fire drills are held on a regular schedule, and every room has a specific pattern of evacuation. Each student should be familiar with the pattern for any room he/she occupies. The P.A. system or warning bell will be used in case of tornado or disaster drills. If the P.A. is inoperative, a portable unit will be used according to a predetermined plan.

Final Exams

Dates for final exams will be announced at the start of each school year. Students are expected to be in attendance for assigned final exams unless an exemption is granted.

Hall Passes

A student outside of class during class hours must have a pass from the teacher to whose class he/she is assigned or be disciplined by the Administration.

Health Services

Except in an emergency, students must have a pass from their teacher to visit the clinic. If the clinic is closed, the student should report to the Attendance Office. Due to the confidential nature of the clinic, students are not permitted to use their cell phone while in the clinic.

When a student comes to the clinic during the day with a complaint of illness, their temperature will be checked by clinic personnel. If the student has a temperature (oral, axillary, tympanic or infrared) of 100 degrees or higher, is vomiting, has diarrhea, or other apparent illness, the parent/guardian will be notified. The student may return to school when symptoms have been improving for 24 hours and they are 24 hours free of fever, vomiting and diarrhea, without the use of medication. Students who do not appear ill or do not have active vomiting, diarrhea or temperature of 100 or higher will be returned to class.

If a student is ill and needs to be sent home, parental permission is obtained prior to the student leaving school. If a student requires treatment other than basic first aid, an ambulance will be

called to the school. Parents will be notified as quickly as possible. The school is not financially responsible for the treatment of any injury or illness. Under Indiana State Law, all students must have completed immunization records on file with the school. Students with incomplete records are subject to exclusion from school attendance. Students with chronic medical conditions (such as asthma, diabetes, severe allergies, seizures, etc.) are required to have an Emergency Care Plan completed each school year. Please contact the Corporation Nurse or Health Assistant with any questions you may have regarding medication or medical care for your student during school hours.

Learning Lab

The Learning Lab is available Tuesday and Thursday after school in the Cougar Cafe until 4:30 p.m. Students can receive tutoring from teachers and/or school adults on assignments. Students do not need to stay the entire time; however, they are expected to exit the building when they are finished in the Cougar Cafe. If students need to wait for a ride, they can wait in the Office Vestibule.

Library/Media Center

The Library-Media Center will be open Monday-Friday from 8 a.m. – 3:30 p.m. for the use of students and faculty. Students must make prior arrangements with the Library staff to stay later if needed. The Library will be closed during second lunch. Students will not be allowed to leave the Cafeteria during lunch to go to the Library. Students are expected to follow school rules and behavior guidelines while in the Library. Disrespectful or misbehaving students are subject to disciplinary actions and/or removal.

Students who come to the Library from Enrichment Blocks must have a pass from the Library Assistant. Students are to sign up in the Library the day before their Enrichment Block, and the Library Assistant will deliver passes to the Enrichment Block teacher. Students from Enrichment Blocks are allowed in the Library at the discretion of Media Specialist and Library Assistant due to space and supervision requirements. Students wanting to visit the Library during their lunch must report to the Library Assistant prior to lunch time for a pass. Lunch may not be eaten in the Library. Teachers who have scheduled the Library for class use have priority over students from Enrichment Blocks.

Students who do not turn in Library books within four weeks of the due date will be charged replacement cost for the item. This charge will be forgiven if the book is returned prior to the end of the school year.

Lockers

Each student will be assigned a locker that must be locked at all times. If the lock fails to work, report this to the Attendance Office so the lock can be repaired or replaced. To keep possessions secure, the student should not reveal the combination of their locker to other students. The student should use only his/her own locker and should see that it is locked. The school corporation does not carry insurance to cover personal possessions taken from lockers. Money and other articles of value should not be brought to school. At the end of each school year all lockers are emptied by custodians for cleaning. Any belongings should be removed before a student leaves at the end of the year. The school corporation reserves ownership of all student

lockers and the right to check those lockers periodically. The following procedures shall be followed if a locker search is deemed necessary:

- a. A student using a locker that is the property of a school corporation is presumed to have no expectation of privacy in that locker or its contents.
- b. Searches will be conducted when the principal and/or his/her designee has reason to believe that the contents of the locker may include elements which
 - 1) present an immediate threat to health, safety, and welfare;
 - 2) are illegal to possess;
 - 3) would contribute to the disruption of the normal program;
 - 4) have been reported lost or stolen.
- c. Searches (other than a general search of all lockers), when possible, will be conducted in the presence of the student whose assigned locker is the subject of the search.

Medication at School.

In order to comply with Indiana law I.C. 20-33-8-13 and I.C. 34-30-14, and to protect all parties involved, Greenfield-Central Community School Corporation has adopted the following medication policies.

Administering Medicine at School

The administration of prescribed medication and/or medically-prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child has a disability and as a result, requires medication to benefit from his/her educational program.

All medication needed during school hours or at school functions that are supervised by school staff, except those approved for student possession and self-administration under I.C. 20-33-8-13 or this Policy, will be administered by the nurse, administrator, or designated trained staff under the following conditions:

1. A written authorization form for medication administration must be completed by the parent/guardian and be on file before any medication transported to the health clinic (prescription or non-prescription) will be administered.
 - a. Medication shall be administered in accordance with the instructions printed on the bottle (in the case of non-prescription medicine) or the physician's order (on the case of prescription medicine).
 - b. The consent of the parent shall be valid only for the period specified on the consent form and in no case longer than the current school year.
2. All non-prescription medicine must be kept in its original container accompanied by the package label or package information.
3. All prescription medicine, including medication administered by injection, emergency medication (i.e. Epinephrine, Glucagon), and diabetes monitoring of a student must be accompanied by a physician's order, which is current and correct to the way that the

student is to receive the medicine. The nurse may require additional information prior to administering medication.

4. All medication administration will be documented and kept on file in the health office.
5. If the medication is to be terminated prior to the date on the prescription, a withdrawal of consent of the parent is required. The written consent of the parent and the written order of the physician shall be kept on file in the health office.

The Corporation does not honor requests by parents or physicians to administer over-the-counter herbs, minerals and vitamins and other homeopathic products as there is currently no standardization relative to these products and no FDA approval and guidelines.

Any unused medication which is unclaimed by the parent will be destroyed by the Corporation when a prescription is no longer to be administered according to the authorization form, or at the end of the school year.

All designated staff responsible for administering medication to students will be trained by a registered nurse on the proper administration of medication and/or diabetes care. A record of this training will be kept on file in the health office.

All medication, both prescription and non-prescription, must be brought into the nurse's office by a parent or guardian. Only students meeting the criteria of Indiana Code or this Policy who have valid medical authorization and parent permission on file in the school office will be permitted to carry medications and self-administer such substances. These exceptions are explicitly stated in the law and detailed below.

Indiana law permits an individual or entity in a position to assist an individual who, there is reason to believe, is at risk of experiencing an opioid-related overdose, to administer an overdose intervention drug to an individual who is suffering an overdose.

The Corporation, in good faith, believes it is an entity in a position to assist an individual who there is a reason to believe is at risk of experiencing an opioid-related overdose; therefore, it may obtain an overdose intervention drug from a prescriber or entity acting under a standing order issued by a prescriber and may maintain such intervention drug on-site in school facilities to provide such assistance.

Self-Administered Medication

Students in grades 7-12 may possess and self-administer over-the-counter medications if the following conditions are met:

1. Form C525-F is filed with the clinic. After a student files Form C525-F with the clinic, the health assistant will verify the form is appropriately completed, verify the medication the student is carrying is as designated, and issue a medication pass to the student. Form C525-F must be renewed each school year.

2. The student has been given instructions as to how to self-administer the medication by the parent.
3. A one-day's dose supply is the maximum that may be carried by the student.
4. The medication must be carried in the original bottle in which it was purchased.

After a medication pass has been issued to a student, the principal or his/her designee may at any time confirm that the student is complying with the terms of this policy by checking the contents of the over-the-counter medication package.

The School or School Board is not liable for civil damages as a result of a student's self-administration of over-the-counter medication or prescribed medication for a chronic disease or medical condition except for an act or omission amounting to gross negligence or willful and wanton conduct.

Parent Pick Up/Drop Off

Due to safety concerns and the need for emergency vehicles accessing the East Lot, we have implemented the following changes for student pick-up at the end of the school day:

- Broadway Main Entrance/East Lot - Limited to the first 30 cars to arrive - this area will be police monitored.
- Stadium/Cougar Drives/North Lot - Please pull up to the next available spot as cars move along the curb.
- Cougar Court off Franklin/Fieldhouse Lot - Park along curb and not on the concrete sidewalks. Cars picking up students can also park in any unmarked parking space in this lot.

Students may unload in the mornings at the north or east sides of the building. The south drive is reserved for buses at all times.

Board Policy G225 prohibits vehicles from idling within 100 feet of schools. Vehicles should not idle within 100 feet of our school facility.

Greenfield-Central H.S. reserves the right to tow any vehicle, at the owner's expense, that is illegally parked in violation of school rules/policy or that has been left unattended for more than 24 hours. Vehicles parked on school property without proper registration or identification (Parking Tag) may also be towed at the owner's expense.

School ID Cards

Students are required to have their ID card with them at all times during the school day.

Replacement cost for regular student ID is \$5. Students who have Athletic Pass ID cards will pay \$15 for replacement. ID cards may be replaced in the Attendance Office.

Student Parking

Students who choose to drive to Greenfield-Central High School must complete a registration form and file that registration with the treasurer's office. Students must purchase a parking permit. Students who choose to drive to school must be able to provide proof that they are current on all state required immunizations. Lost permits will require a charge for replacement. Students who attend Walker Career Center must purchase both a Walker Career Center parking sticker and a Greenfield-Central parking sticker.

The following parking and driving instructions are to be followed by all student drivers:

1. Students driving to school must first purchase a GCHS student parking permit and have the permit properly displayed at all times while on school property.
2. Student drivers must park in the designated Student Parking Lot.
NO STUDENT PARKING IN THE RESERVED SPOTS.
3. Student parking permits may not be used by, sold or transferred to another student for use on their vehicle. Students must purchase a replacement permit for one that is lost, stolen or destroyed.
4. Student drivers may not park in the designated Faculty / Visitor Parking Lot.
5. Students parking in non-student designated areas or without a GCHS parking tag are subject to progressive discipline. Students who continue to violate parking policy are subject to towing at student expense.
6. Parking on GCHS property is at the student driver's own risk. GCHS assumes no liability or responsibility for damage to or theft of or from any student vehicle.
7. The posted speed limit on GCHS property is 15 MPH.
8. Student drivers must observe and obey all driving / parking regulations, rules, ordinances or laws established by the State of Indiana and the City of Greenfield.
9. No student vehicle may be parked on GCHS property in excess of 24 consecutive hours, without authorization from school officials.
10. Any student driver parking or driving their vehicle on GCHS property agrees to and entitles any GCHS official or their designee the ability to search that vehicle upon suspicion of any regulation, rule, ordinance, law or school rule being violated.

Students also understand that law enforcement may run a license plate in order to determine the owner of the vehicle. This information will not be used for any reason other than to determine the name of the student parking on school grounds.

Textbooks

Classroom sets of textbooks may be available for student use. The use of highlighters for underlining in textbooks is PROHIBITED. There is to be no writing of any kind in a textbook. If you are issued a damaged textbook, report it to your teacher when you are issued the book. All students are responsible for any damage to a textbook that is issued to them.

Some books will need to be purchased, particularly books for Dual Credit and/or AP courses.

Textbook Assistance

A student who qualifies for free lunches due to family income may also receive state adopted text materials at no charge. Class fees and other supplementary material may be billed to the student. Textbook assistance applications are available and must be approved by the end of the fourth week of school. The approval is good for the school year providing the income requirements continue to be met. Students who qualify for free or reduced lunch qualify for textbook assistance.

Delinquent Fees

Delinquent fees will be reported to a bill collection agency unless a payment schedule is arranged and carried out at the GCHS Treasurer's Office. This will be done four weeks after the start of each semester.

Returning Books

It is the responsibility of each student to rent or purchase his/her own text and materials and return all school-owned material at the end of the semester or school year or at such time as he/she withdraws from school. (Only those materials assigned to each student will be accepted).

Withdrawal from School

A student who wishes to withdraw from school and who is of the appropriate age must follow this procedure:

1. The parent must accompany the student and sign the appropriate forms.
2. All school technology, library books and other school owned materials must be returned.
3. All obligations must be cleared.
4. An administrator will complete documentation that may require a meeting with the student and parent.
5. Once withdrawn from school, the student is no longer permitted to be on school grounds on a school day between 7 a.m. and 4 p.m. without a previously scheduled appointment with a staff member.

Work Permits

Students wishing to be employed will work with their employer and the Bureau of Youth Employment for a work permit.

Students should understand that GCHS will monitor grades and attendance and may notify the Bureau of Youth Employment and/or the Bureau of Motor Vehicles should a student not be in good standing.

Visitation and Conferences

The safety of our students and security of our school remain paramount concerns at Greenfield-Central and Greenfield Central High School. ALL visitors will be required to submit to the receptionist a state ID. The ID will be scanned and checked across offender databases to ensure that we do not admit into our school individuals who might present a danger to the safety of our students. Individuals who are admitted into the building will be required to clearly display an adhesive visitor ID at all times.

Class Rank and Grading Policies

Latin Honors

The Class of 2023 and Class of 2024 will recognize a Valedictorian and Salutatorian. We will also honor our Academic Top 10. Students in these classes will also be recognized for Latin Honors distinctions.

The Class of 2025 will be the first class that will recognize students for Latin Honors distinctions only. No recognition of Valedictorian and Salutatorian will be made. No recognition of Academic Top 10 will be made.

The Latin Honors program will be purely academic in nature with three distinctions:

Summa Cum Laude: graduates with GPA at 4.1 or above

Magna Cum Laude: graduates with GPA at 3.9-4.09

Cum Laude: graduates with GPA from 3.7 to 3.89

Grade Scale/Class Rank

GCHS acknowledges the usefulness of a system of computing grade point averages and class rankings for high school students, both to inform students of their relative academic placement among their peers and to provide students, prospective employers, and institutions of higher learning with a predictive device so that each student is more likely to be placed in an environment conducive to success. Class rank is determined by grade point average and ranking all students in descending order on a 4.000 scale.

Grading Scale	Class Rank	Weighted Grades
A+ 100-99	4.333	4.833
A -98-93	4.0	4.500
A- -92-90	3.666	4.166
B+ -89-87	3.333	3.833
B 86-83	3.0	3.500
B- 82-80	2.666	3.166
C+ -79-77	2.333	2.833
C -76-73	2.0	2.500
C- 72-70	1.666	2.166
D+ 69-67	1.333	
D 66-63	1.0	
D- 62-60	0.666	

The only class not counted in a student's GPA is Driver's Education. All other classes are considered in the calculations.

If an out-of-district student transfers to Greenfield-Central High School through the Indiana Online program, they will not be ranked with traditional Greenfield-Central students (non-homeschooled) who are taking at least one class onsite at GCHS.

Weighted Grades

All Advanced Placement and college dual-credit classes that sit in the Core Transfer Library will be weighted .5 of a letter grade. Students must have at least a C- in a weighted grade class in order to receive the weight of .5.

Rationale:

- Greenfield-Central wants to encourage more students to take Advanced Placement and four-year college dual credit classes.
- Greenfield-Central's school grade may include the number of students who earn honors diplomas as an indicator for school performance.
- Greenfield-Central wishes to acknowledge the more rigorous homework expectations in an Advanced Placement class and four-year college dual credit courses than in other classes.
- Research indicates that students enrolled in Advanced Placement and four-year dual credit classes are more successful in other high school coursework and college in general.
- Greenfield-Central realizes more high schools are assigning weight to Advanced Placement and four-year college dual credit classes. Therefore, weighting these classes will

make our students more competitive relative to admission and scholarship requirements.

Course Retake Policy

Students who receive a D+ or lower in a course may retake the course in order to receive a higher grade and/or remain eligible for a Core 40 diploma with either Academic Honors or Technical Honors. Both grades for the course will remain on the student's transcript and the new grade will be averaged into the student's grade point average. The grade for a second attempt will remain on the transcript even if it is a lower grade than the original grade for the same course. Students who wish to retake a course should communicate this desire with his or her counselor.

Withdraw Fail (WF) Policy

Students who withdraw from a class after the first five class periods of the semester during the school year will earn a "WF" in the course. During summer school, a student who does not withdraw from an on-line course prior to the posted deadline will also earn a "WF." Students who take a summer school class in the classroom setting who stop attending class will earn an "F."

Schedule Changes

Schedule changes are allowed during certain periods of the school year without the penalty of earning a WF (withdrawal/fail). Students may request a schedule change during the first six (6) days of both semesters and between Fall Break and Thanksgiving break for second semester. Following scheduling for the next school year (typically January-March of each year), students may ask to change their requests prior to the end of school. Schedules for the next year are not considered final until the first day of school in order to balance classes throughout the summer. Outside of these windows, we will not change a student's schedule unless there is an error on it, the schedule needs to be adjusted to add a remediation course, or it is requested by an administrator, counselor, teacher, or case conference committee.

Credit for High School Courses Taken Prior to High School

When enrolling at Greenfield-Central High School, students may opt to receive high school credit for high school courses at the junior high/middle school level with the following stipulations:

1. Grades and credits for the course must be included on the student's high school transcript and will be factored into the student's cumulative GPA and class rank.
2. Credits will be applied if the student is enrolled in the next level math or science course at GCHS.
3. Junior high students will be required to decline the credits for both semesters of a year-long course.
4. During the freshman year, students/families will be required to decline the junior high credits in high school level courses by April 1. Credits not declined by that date will be transcribed automatically.
5. Grades will be transferred based on the previous school's grading scale and letter grade; not converted to the GCHS grading scale.
6. Greenfield-Central High School will transfer all credits on a transfer student's transcript from their previous school; including grades earned at the middle school or junior high level if high school credits were earned and transcribed.

College Admission/Application Process

College Application Process

The college application process will be discussed in detail during an evening session in September for parents of senior students and for seniors during a class presentation. Please remember, however, that the process begins in the ninth grade during course selection. Grades earned and materials learned have a direct impact on the choice of a post-secondary institution. The following steps should be consulted by students and parents when considering college.

1. Take the PSAT and the SAT during your freshman, sophomore and junior year.
2. Check with your school counselor concerning your options. Admission requirements, majors offered, campus atmosphere and lifestyle should be explored.
3. Plan a campus visit. Most schools have weekend visitation days for younger students and their parents. Juniors and seniors are allowed to have excused days to visit campuses.
4. Submit college applications beginning early in the fall of the senior year.
5. Complete all counselor form and transcript requests through the college application tracker.
6. Wait for your admission decision! In most cases, you will receive an admission decision within four to six weeks.

Scholarship Information

The Counseling Office publishes a scholarship list, which lists all community-based aid, institutional aid, and various national scholarships we learn about. Scholarships are posted in our college application tracker. Most of these become available in the spring. Other scholarships can be found through colleges and searches on the Internet. Students should check the site weekly to access applications and information about available scholarships.

Federal Financial Aid

The Free Application for Federal Student Aid (FAFSA) is available on-line at www.fafsa.ed.gov. The filing deadline for the FAFSA is April 15. There will be a parent evening in August to inform families about the financial aid process, important deadlines and how to complete the FAFSA.

Preliminary Scholastic Aptitude Test (PSAT)

In addition to taking a strong college preparatory curriculum, students wishing to prepare for the SAT should take the Preliminary Scholastic Aptitude Test (PSAT) in October of their freshman, sophomore, and junior year. The National Merit Scholarship Qualifying Test happens only in the junior year.

Commencement and Graduation Requirements

Graduation Requirements

Only students who complete all requirements and are considered to be in good standing with the school will be permitted to participate in the commencement ceremony. Students who have been expelled or placed in an alternative educational placement for the second semester of their senior year will not be considered to be in good standing with the school. Also, students whose expulsion from school continues through the second semester of their senior year will not be considered to be in good standing. All students graduating from Greenfield-Central H.S. must meet the minimum requirements for graduation as set forth by the Indiana Department of

Education and Greenfield-Central Schools. Please check the Greenfield-Central High School website under Counseling/Curriculum Guide for more details.

Commencement/Certification Policy

The completion of a high school educational program is a significant milestone in a young adult's life. High school graduation is celebrated with commencement, a public ceremony to award diplomas and certificates and to recognize the completion of an educational program.

It shall be the policy of the G-CCSC to acknowledge each student's successful completion of the instructional program appropriate to the achievement of Corporation goals and objectives as well as personal proficiency by the awarding of a diploma at fitting commencement ceremonies.

The Board shall award a regular high school diploma to every student enrolled in this Corporation who meets the requirements of commencement established by this Board as provided by the State. There shall be only one general diploma awarded by this Corporation and no distinctions shall be made between various programs of instruction. Exceptions shall be made for students who meet the State requirements for a Core 40, a Core 40 with Academic Honors diploma or Core 40 with Technical Honors diploma.

Special Education students who have completed and are ready to exit their programs may participate in commencement activities and shall be awarded, as appropriate, a diploma, a certificate of achievement, and/or a certificate of course completion.

The Board shall award a certificate of achievement to a student who is on a non-diploma track as determined by that student's Individualized Education Program.

The Board shall award a certificate of course completion to a student who completes the minimum courses required for high school graduation but does not meet the Graduation Qualifying Examination requirement.

Commencement exercises will include only those students who are eligible for a diploma, certificate of achievement, or a certificate of course completion as certified by the high school principal. No student who has completed the requirements for graduation shall be denied a diploma as a disciplinary measure. A student may be denied participation in the ceremony when personal conduct so warrants.

Early Graduates

The Board acknowledges that some students are pursuing educational goals which include graduation from high school at an earlier date than their designated class. Application for early graduation shall be in accordance with State regulations. The principal may honor this request if all conditions for graduation are met and the student fulfills the graduation requirements. The student may participate in the commencement ceremonies with his/her designated class if he or she is a mid-year graduate or with the new class if leaving school a year early.

Early graduates are to comply with the following policies:

1. Must be approved for early graduation at pre-enrollment time in the spring.
2. Must file a completed application, properly signed by the parent and student, with the Director of Counseling prior to the beginning of the senior year.
3. Must be approved by the principal.

Communication

Teacher-Student Conferences

There are times when it is advisable for a student to have a conference with an instructor relative to class work. This should be done when the student is having some difficulty with the work. A student should never hesitate to discuss class problems with an instructor. Conferences should be scheduled at a time convenient to both teacher and student and it should be a private conversation.

Teacher-Parent Conferences

Parents are always welcome to talk with school personnel, for it is with close cooperation between home and school that the student best learns. Whenever questions or problems arise, the parent should first call the school and arrange a conference with the teacher. If the parent and teacher are unable to resolve any questions, problems, or concerns, the parents should contact the counselor or administrator assistant principal. The school feels it is much wiser to discuss any questions pertaining to the school or students directly with those involved. This procedure helps avoid misunderstanding and improve the relations and cooperation between school, home, and community. GCHS has a voice mail and e-mail system to reach all staff.

Curriculum and Scheduling

Curriculum

Greenfield-Central High School is a comprehensive high school with a curriculum designed to allow students to complete requirements for commencement as prescribed by the Indiana Department of Education as well as prepare for entry into post-secondary institutions, vocational education, and entry level employment skills. In the spring of each year those students who will be enrolled in grades 9 through 12 the following fall semester are given the opportunity to request classes in PowerSchool. The purpose of pre-enrollment is twofold: (a) to assign a course plan which meets the needs of this school corporation to assist the school in planning course offerings, thereby providing as nearly as possible the type of educational program for this school corporation; (b) to aid students in organizing and planning the course of study most appropriate for them that not only meets graduation requirements but also better prepares them to take their place in society upon leaving high school. Parents are encouraged to become actively involved with their children in the selection of course work.

Changes in Pre-Enrolled Class Selections

The course offerings at Greenfield-Central High School are based upon student requests during pre-enrollment. Therefore, it is necessary for students to determine their class choices with a commitment to completion of those classes. Full year courses are two semesters in length and students should understand that they are to complete both semesters of these courses. Schedule changes for the following school year must be made before the end of the current school year. The changes will be granted if there is seat availability existing in the new class requested. There will be no schedule changes to accommodate a student's choice of instructors. The arrangement of a student's classes within the school day may be changed by the counseling department to obtain "balanced" class sizes. When submitting their course requests, students will be asked to

indicate two alternate class choices.

The alternate classes will be used if

- 1) an original class choice is not offered due to insufficient enrollment or
- 2) the student has selected two classes which are offered only once in the school day and both are offered in the same time period.

AP Testing

A student must have taken the first semester AP course and be currently enrolled in the second semester class in order to be eligible to take the AP Exam or submit an AP Portfolio. Students interested in earning college credit for classes not taken at GCHS should explore the SAT Subject Tests or CLEP Exams.

Walker Career Center

Vocational programs are provided at Walker Career Center/Warren Central High School. Most of these programs are two years in length; requiring blocks 3 & 4 the junior year and blocks 1 & 2 the senior year. Questions concerning these programs should be directed to the Vocational Coordinator or the student's counselor.

When Walker has a half day or early release day, your instructor will inform you what to do. When GCHS has a shortened schedule, you are to attend both schools even when Greenfield has shortened periods. A student enrolling in these programs is required to complete the year and is expected to complete the two year program. Any student who drops after the 5th day of classes of fall semester or is removed from their Walker program will be withdrawn from Greenfield-Central for the remainder of the semester/year. If a student drops out or is withdrawn from their W.C.C. class, the student or parent is liable to pay for the remainder of the course.

ACADEMIC DISHONESTY POLICY

Academic dishonesty is any use of another's work, whether in the form of plagiarism or use of notes on a quiz/test, copying another student's work or any other questionable type of dishonesty on a classroom assignment.

- 1st and 2nd Time – The student will receive a zero on the assignment. Written documentation provided to School Counselor. Notification will be given to the parent/guardian of the student.
- 3rd Time – The student will be given an “F” for the course where the academic dishonesty occurred. Written documentation provided to School Counselor. The student may continue in the course if the student does not become a discipline problem for the instructor or if the student does not interfere with the education of the other students in the course in any manner.

STUDENT ACTIVITIES

Students involved with extracurricular clubs and organizations must be able to provide proof that they are current on all state required immunizations. Students will be required to pay a \$10 activity fee for each activity students chose to participate in, excluding athletics. This includes any school-sponsored extracurricular activity. Band, choir, yearbook, newspaper and other co-curricular activities will not be required to pay the fee. A Fee Appeal Form will be required for students who may be unable to pay the fee. Please see the Assistant Principal regarding the appeal form, or any questions you may have regarding the Activity Fee.

Students not in attendance for at least two blocks will not be permitted to participate in or attend any school sponsored activity that day. Any student sent home from school during the day due to illness shall not practice or participate in any activity that evening. An “activity” is defined as any practice, performance, game, meetings, etc for any school approved organization, including all teams, clubs, bands, etc. Exceptions for planned appointments and other emergencies shall only be granted on an individual basis by the principal, assistant principal or athletic director.

Student Club/Organization Code of Ethics

At a minimum, the Code of Ethics must be followed by all students participating in Student Clubs and Organizations at GCHS. All Student Clubs and Organizations are encouraged to have written by-laws that are shared with students each year. These by-laws can be dictated by state or national organizations. All by-laws must be approved by the Activities Director at the start of the school year.

1. Students must pass 70% of course work for a 9 week period-or the student will be removed from organization with the opportunity to appeal to the club’s Executive Council.
2. Students involved in Extra-Curricular/Co-curricular activities shall demonstrate good citizenship both in the school and community. Students acting in a manner that brings embarrassment or shame to themselves and/or the school, or that negatively impacts the reputation of themselves or the school will not be tolerated. Examples of such conduct include any illegal activity; any non-illegal activity that is lewd, vulgar, obscene, indecent, or that portrays sexual conduct done in a manner whereby the community learns of such activity; or any activity that degrades, demeans, or disparages any coach, activity sponsor, school official or student.
3. Students convicted of a felony will be removed from the activity for 365 calendar days. Any student convicted of a misdemeanor will be removed from the activity 42 calendar days. Any student charged with a crime will be suspended until cleared by the police or the courts.
4. If a student is caught with drugs/alcohol of any form on or off school grounds, the student will be removed from the club/organization. This code will also apply if a student tests positive in a Random Drug Test as well. Also, if a student in a leadership position is at a party/gathering where drugs/alcohol are present, they will have 15 minutes to remove themselves from the party. As long as the student has not consumed or partaken in any drugs or alcohol, no penalty will be enforced.

On the first offense, the student will be removed from club/organization activities. As a Rehabilitation, the student may complete an online education course through Advent E-Learning as assigned. The cost of the course is \$60 and is the responsibility of the student. Students must pass the course with a 70% or better.

Students must complete 15 hours of community service.

The student must also have a follow-up negative test.

The student will share rehabilitation and/or community service information with the Student Activities Director.

On the second offense, the student will be removed from clubs/organizations for the remainder of the current school year with no chance to Rehabilitate.

The Student Activities Director may work with the Hancock County Probation Department during this process.

5. Each sponsor and Executive Council will set club/organization attendance policy.
6. Students who receive behavioral referrals that lead to ISD all day, Home Suspension or expulsion (assigned by administration) will be removed from the organization with the opportunity to appeal the removal to that organization's Executive Board.
7. Any student running for a Student Council or Class Officer position must obtain 1 teacher recommendation and 1 activity recommendation (coach, club, youth minister, etc.) Other clubs may institute other requirements. Any student running for a Student Council or Class Officer position must have an overall GPA of 2.0 with no F's during the current grading period.

If a student belongs to a co-curricular club/organization (ex. Band, music) and fails to abide by the above regulations then he/she will not be able to participate in public performances and will have to make-up the performance. The director will determine the make-up work.

Homecoming and Prom Court Code of Ethics

Any G-C student wanting to be on Fall or Winter Homecoming Court or Prom Court must meet the following requirements:

1. Overall GPA of 2.0 with no F's in the current grading period.
2. Students should be able to demonstrate good citizenship in the school and community. Students earning a 2 day ISD or a 1 day Home Suspension (assigned by the administration) during the corresponding school year or the spring semester of the previous year (for fall court) will not be allowed to be on court.
3. Also, students charged with or convicted of a felony or misdemeanor will not be allowed on court.

GREENFIELD CENTRAL HIGH SCHOOL

ATHLETIC CODE HANDBOOK

Jared M. Manning, Athletic Director

I. Introduction - The following Athletic Code has been adopted for all athletes of Greenfield-Central High School. This Athletic Code is to serve as a guide to better define the expectations of an athlete and to create uniformity of disciplinary action throughout the athletic program of Greenfield-Central High School. Any restrictions in this Athletic Code are a result of what the School Corporation feels is in the best interests of a healthy athlete who is able to compete at his/her maximum performance. Each coach may establish and enforce additional training rules for his/her respective sport. Every reasonable effort will be made to inform the prospective athlete of the contents of this Athletic Code Handbook.

Since the athlete is representing his/her school and community in such a visible fashion, it is important that their behavior reflect a positive image, not only during a sport season, but throughout the calendar year. **An athlete is an athlete throughout the calendar year and not just during a sport season.** Therefore, this Athletic Code shall remain in effect throughout the entire calendar year for all athletes representing the Greenfield Central Community School Corporation.

II. IHSAA Membership - Greenfield-Central High School is a member of the Indiana High School Athletic Association. To represent Greenfield-Central High School in interschool athletics, an athlete must meet all IHSAA eligibility rules:

IN ORDER TO BE ELIGIBLE GCHS STUDENT-ATHLETES:

- 2. MUST BE PASSING AT LEAST 6 CREDIT SUBJECTS**

III. Greenfield-Central Requirements

A. Multiple Sport Participation During The Same Season:

Any student who desires to participate in more than one (1) sport during the same athletic season **must follow** the following three (3) steps:

- 1) The athlete must explain his/her wishes to both the head coaches and the athletic director;
- 2) If both head coaches of the sports involved are in support, a meeting will be held with the head coaches,

the parents, the athletic director, and the principal and/or assistant principal. At this time, all concerns

will be addressed such as schedule conflicts, academic concerns, health-risks, time commitment and

demands, and any other issues that may arise. After the meeting, the administration will determine

if the situation is feasible.

- 3) If the situation is determined to be feasible, then a contract will be drawn up by the head coaches,

athlete, and the parents to work out any conflicts or concerns.

Note: At any step in the above process, if one party involved does not support the situation, the athlete will need to choose in which sport he/she wishes to participate.

B. Illness / Injury:

If you are absent five (5) or more consecutive school days due to illness or injury and do not present to your principal or designee written verification from a licensed physician stating that you may participate again.

C. Required Athletic Paperwork:

Athletes are required to have ALL athletic paperwork on file with the Athletic Office prior to participation in any type of preseason conditioning program, summer workout, practice or contest.

The required paperwork for participation is the IHSA Pre-Participation Physical Evaluation Form, Athletic Code Waiver, Concussion and Sudden Cardiac Arrest Acknowledgement and Signature Form, and the Random Drug Testing Waiver.

The IHSA Pre-Participation Physical Evaluation Form must be signed by a licensed Indiana physician and must be on file in the Athletic Office. All other paperwork can be completed electronically through the athletic website (www.gchscougars.com) under the Cougar HQ tab by clicking on Athletic Forms for Participation. Paper copies will continue to be made available upon request.

Athletes may not participate until ALL documents are signed and submitted by both the parent and the athlete. It is also a school requirement to have a physical on file in the Athletic Office in order to be enrolled in the Strength and Fitness Class. The Corporation Athletic and Transportation Fees will also be due at the time an athlete makes a team and considered past due by the first contest/scrimmage of that sport.

Emergency contact information will be pulled from the student-athletes registration through Final Forms. It is imperative that parents use accurate information when registering online through the Final Forms online registration process.

Corporation Athletic Fee - Students who wish to participate in athletics will be required to pay a \$50.00 Athletic Fee for each sport they are involved in. For example, if a student is on the football team and the swim team, the student will be required to pay \$160.00 (\$50.00 for football, \$50.00 for swim, plus the \$60.00 once a year Transportation Fee.) This Athletic Fee will be used to offset a variety of corporation costs, i.e. maintenance, building utilities, and programming. Athletic Fees are due at the time the athlete makes a team and considered past due by the first contest/scrimmage of that sport. If a payment plan must be arranged, this fee must be paid in its entirety by the time the last regular season game of the team involved is played prior to the IHSA Sectional of that sport. Athletic Awards will not be issued unless this fee is paid in full. Greenfield-Central Athletics reserves the right to submit any unpaid balance to a collection agency for small claim court proceedings with all collection fees to be paid by the athlete's family. Should an Athlete quit or be removed from a team for academic/disciplinary reasons, this fee shall not be refunded

Corporation Transportation Fee - Only transportation authorized by the athletic director shall be used for athletic contests. Athletes must remain under a coach's supervision until their return to Greenfield-Central High School. Exceptions may be made by mutual consent of the coach and the parent IF THE PARENT WILL BE IN ATTENDANCE AT THE CONTEST AND THE ATHLETE WILL BE RETURNING WITH THE PARENT. This mutual consent shall be given only in cases with unusual circumstances. It is the intent that all squad members depart as a team and return to Greenfield-Central High School as a team. There is a one-time per year transportation fee of \$60.00 per athlete to help offset corporation transportation costs. Transportation Fees are due at the time the athlete makes a team and are considered past by the first contest/scrimmage of that sport. If a payment plan must be arranged, this fee must be paid in its entirety by the time the last regular season game of the team involved is played prior to the IHSA Sectional of that sport. Athletic Awards will not be issued unless this fee is paid in full. Greenfield-Central Athletics reserves the right to submit any unpaid balance to a collection agency for small claim court proceedings with all collection fees to be paid by the athlete's family. Should an Athlete quit or be removed from a team for academic/disciplinary reasons, this fee shall not be refunded

E. Appearance:

Extremes in dress and hair styles will not be acceptable and may also result in suspension from participation in contests or practices.

IV. Code Violations

Rule 1 - Athletes (This term additionally includes, for the purpose of this Athletic Code only, student managers, student athletic trainers, and all other student support staff.) shall not violate the conditions of the student drug testing policy and/or knowingly possess, use, transmit, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, stimulant, depressant, marijuana, steroid, counterfeit substances, caffeine pills, or possess, use, or transmit paraphernalia for use of such substances. Athletes shall not partake or be in possession of alcoholic beverages, intoxicant of any kind, steroids, tobacco products, electronic cigarettes or vaping devices. (Appropriate use of an authorized drug prescribed by a licensed physician shall not constitute a violation of this rule.)

An athlete who attends a party or gathering where drugs, alcohol, or both are present at any time during said party or gathering commits a violation of Rule 1.

- 1) At any time that an athlete becomes aware that he/she is in the presence of drugs or alcohol, the athlete
shall leave said party or gathering.
- 2) Athletes are expected to be aware of the circumstances which surround them and expose them.
- 3) Once an athlete learns or reasonably should have learned that drugs or alcohol are present at a party or
gathering, the athlete shall remove him or herself from the party or gathering in a reasonable time.
- 4) Fifteen (15) minutes from learning that drugs or alcohol are present shall be presumed to be a reasonable
time for an athlete to remove him or herself from said party or gathering.
- 5) As long as the athlete has removed him or herself from the offending party or gathering within the
presumed reasonable period, no athletic penalty will ensue as long as the athlete has not consumed or
partaken in any drugs or alcohol.

1st Offense: - Suspension for 365 calendar days from the athletic program.

All Student-Athletes who are in violation of Rule 1 for the first offense, will automatically be entered into the Rehabilitation Clause. If a parent chooses to withdraw their Student-Athlete from the Rehabilitation Clause, they must submit that request in writing to the Athletic Director within 7 days of the notification of violation. Removal from the Rehabilitation Clause will remove any opportunity for reduction in the suspension during the 365 days.

Rehabilitation Clause: On the first (1st) offense, the student-athlete may regain eligibility to participate with a 25% suspension from the student-athlete's contests if the student-athlete:

1) completes online educational course through Advent E-Learning as assigned by the Athletic Director

(course fee through Advent E-Learning is \$60 - cost is the responsibility of the student-athlete). The

student-athlete must pass the course with a 70% or better;

2) completes a minimum of fifteen (15) hours of community service;

3) has a follow-up “negative” test. Retesting of the student-athlete may take place periodically throughout

the school year and is at the expense of the parent/guardian/student/athlete. During the Rehabilitation

Clause for a first offense, if the drug test that is assigned as part of the Rehabilitation Clause returns a

positive result, that positive test will not be treated as a second violation of Rule 1.

4) The rehabilitation clause will be processed through the Athletic Department of Greenfield-Central High

School. The student-athlete will be responsible for arranging, completing and providing documentation of

the community service hours. The Athletic Department will work with the Greenfield-Central High School

Administration to arrange the drug test required for the Rehabilitation Clause. The student-athlete will not

be notified in advance.

2nd Offense: - Suspension for 365 calendar days from the athletic program with no opportunity for the Rehabilitation Clause. In order for the student-athlete to be reinstated following the 365 calendar day suspension from athletics, the student-athlete must present evidence of the following:

1) completes online educational course through Advent E-Learning as assigned by the Athletic Director

(course fee through Advent E-Learning is \$60 - cost is the responsibility of the student-athlete). The

offense of Rule 1.

4) Items #1-3 above will be processed through the Athletic Department of Greenfield-Central High School.

The student-athlete will be responsible for arranging, completing and providing documentation of the

community service hours. The Athletic Department will work with the Greenfield-Central High School

will not be notified in advance of the dates of the test.

5) Should any/all of Items #1-4 not be successfully completed before the 365 calendar day suspension from

NOTE REGARDING DRUG TESTING: The Greenfield-Central Athletic Department supports and will follow the Random Drug Testing Procedure which is outlined in the Greenfield-Central High School Student Handbook.

In addition, the Greenfield-Central High School Athletic Department has in place a Reasonable Suspicion Drug Testing Policy. Deterring student drug and alcohol use is a goal of Greenfield-Central Athletics. The purpose of the Reasonable Suspicion Policy is to discourage and eliminate drug, alcohol, steroid, and tobacco use among our student-athletes. We believe that striving for a substance abuse-free environment is an important goal.

Greenfield-Central Community School Corporation continues to support and encourage all students to make choices that lead to safe and healthy lifestyles. We encourage all students to "say no" to illegal drug, alcohol, steroid, and nicotine use. It is important to remember that the use of illegal drugs, alcohol, steroids, and nicotine are not allowed on school property or at school-related events.

Rule 2 - An athlete shall not be convicted of a felony.
Consequence:

1st Offense: - Ineligibility for the balance of the athlete's high school career.

Rule 3 - The theft of equipment from Greenfield-Central High School or any other school or the stealing of personal items from any individual will be considered a serious act of misconduct.
Consequences:

1st Offense: Suspension of 25% of the contests. This percentage is based on the number of regular season contests. Suspension may include IHSA post-season tournaments.

2nd Offense: A 90 school day (regular school year days) suspension from the athletic program or suspension of one (1) full sport season in which the athlete previously participated.

3rd Offense: Ineligibility for the balance of the athlete's high school career.

Rule 4 - Code of Conduct - It is expected that all athletes will meet better than minimum standards in conduct at all times. An athlete may be suspended from participation during the period of time when such an infraction may have a detrimental effect upon the image of other athletes at Greenfield-Central High School.

Any athlete acting in a manner that brings embarrassment or shame to themselves and/or the school, or that negatively impacts the reputation of themselves or the school is strictly prohibited. This includes social media posts, comments, and pictures. Examples of such conduct include any illegal activity; any non-illegal activity that is lewd, vulgar, obscene, indecent, or that portrays sexual conduct done in a manner whereby the community learns of such activity; involvement in a physical altercation; destruction of property (school property or personal property); or any activity that degrades, demeans, or disparages any coach, activity sponsor, school official, or student.

Any athlete that is in violation of school rules, such as truancy, suspension, classroom disruption, or other punishable acts will be disciplined by the already established school rules. If an athlete is suspended out of school for any reason, he/she will be ineligible for all contests and/or practices during the time of his/her suspension. Tuesday/Thursday School athletes cannot practice during the suspension time. In addition, any in or out of season athlete who is removed from an athletic contest while being a fan, will be considered in violation of Rule 4 of the Athletic Code of Conduct Handbook.

For all violations of the Athletic Code, the athlete may further be dealt within the structure of each coach's rules for his/her sport.

1st Offense: Suspension of 10-25% of the athlete's contests. This percentage is based on the number of regular season contests. Suspensions may include IHSA post-season tournaments.

2nd Offense: Suspension of a minimum of 50% of the athlete's contests up to a maximum of 365 days depending on the nature of the OCP violation. This percent is based on the number of regular season contests. Suspensions may include IHSA post-season tournaments.

3rd Offense: Suspension for 365 calendar days for the athletic program with no opportunity for the Rehabilitation Clause.

*When serving a suspension for any rule violation, the athlete is expected to be present at all athletic practices involving his/her team. The athlete is a member of the team and is expected to fulfill this responsibility. Further, during the period of suspension, the athlete will be with the team and dressed in good school clothing. The athlete shall **NOT** be in uniform or warm-up attire. If the athlete does not attend the practices and/or contests or otherwise finish the season in good standing, credit will not be given toward fulfilling the requirements of the suspension. The athlete's conduct could exclude the athlete from further practices and/or contests and/or from the team.

*If the violation of the Athletic Code occurs in the last fifty percent (50%) of the season, the athlete will not be considered in good standing, and therefore, will forfeit all letters and awards for that sport season. If the violator cannot fulfill the terms of his/her suspension, the suspension

does carry over until the suspension is fulfilled. The athlete may or may not practice depending on the coach's discretion. An athlete who's violation occurs in the last 50% of the season may receive their season awards if they finish the season eligible to participate and are in good standing through the completion of the rehabilitation clause of the Athletic Code.

*An athlete involved in a police action or arrest may be suspended from practice and contests until cleared by the police or courts.

*Once the parent and student/athlete have signed the Athletic Code Waiver form, this waiver is in effect the student/athlete's entire athletic career.

*Statute of Limitations - Rules 1 through 4 - twelve (12) months from the day of violation of the Athletic Code is for discovery purposes only.

*An athlete shall not be in the school building unsupervised.

*An athlete who stops participating, by his/her own decision, in a sport before that sport's season is completed will not be allowed to be in an organized practice in any other sport in which the seasons overlap until after the last scheduled contest of the team he/she was originally a member unless, the coaches of both teams mutually agree.

*An athlete must finish a season in good standing in order to be eligible for a sport's award and credit for participation. To finish a season in good standing, an athlete must have met all team rules for both practices and games, turned in all uniforms/warm-ups and equipment in good order, paid all fees pertaining to their respective team, have paid their Corporation Transportation and Corporation Athletic Fee, and finished the season academically eligible to participate.

*Greenfield-Central Athletics reserves the right to submit any unpaid balances to a collection agency for small claims court proceedings with all collection fees paid by the athlete's family.

NOTE: If a scheduled contest is canceled for any reason, that contest shall not be counted in the total percentage of contests of an athlete's suspension. Therefore, only actually played contests will be considered as part of the athlete's total suspension percentage.

V. Code Implementation

When it comes to the attention of the principal or athletic director that a code violation may have occurred, the athletic director shall conduct an investigation to determine if, in fact, a violation has taken place. The athletic director shall notify the party/parties being investigated upon confirmation of a code violation.

At this time, the penalty for such a violation will be determined and put into effect at the discretion of the athletic director. Athletes can be suspended during the review process.

VI. Appeal Process

Upon the request of the parent or guardian, an athletic suspension for Code Violations may be appealed to an Athletic Appeals Committee. The Appeals Committee will consist of the Principal,

Assistant Athletic Director, a department head, the head coach of the sport the student-athlete is involved with, and a head coach not involved with the sport the student-athlete plays. The parent or guardian has five (5) days to request an opportunity to appeal the Code Violation. If the appeal is not requested within the five (5) day period following the initial notification of the violation the opportunity to appeal will be lost. Upon completion of the review conference, the committee will determine if the action taken was the appropriate action. The party/parties involved shall be notified of the committee's decision. The principal shall notify the athlete's parents and Athletic Director in writing within five (5) days of the review committee's decision. *Positive drug tests are excluded from the appeals process.

VII. Hazing - Hazing shall be defined for purposes of this policy as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

VIII. Supplements - Greenfield-Central School Corporation student/athletes should not bring food, athletic, or performance enhancing supplements to school, practices, or contests. Parents of student/athletes found to be in possession of these supplements will be notified.

IX. School Attendance - An athlete must be credited with a full day of attendance in order to practice or participate in a contest any particular day (non-school days excluded). Passports are issued through the Attendance Office and up to two (2) blocks are not considered an absence. An emergency, such as death in the family, a funeral, or other extenuating circumstances will be handled on an individual basis by the principal or athletic director. An athlete who is sent home from school during the day due to illness shall not practice or compete in a contest on that day. Coaches are expected to also stress the importance of athletes being in school and on time the morning after an athletic event.

X. Equipment - Quality athletic equipment is provided in each sport. It is to be used only at times indicated by the head coaches. Athletes are expected to care for this equipment and return it at the end of the season. An athlete must have all equipment turned in and/or financial settlement paid before receiving their athletic awards and before trying out for another sport. Greenfield-Central Athletics also reserves the right to submit the replacement cost of any unreturned equipment/uniforms/warm-ups to a collection agency for small claim court proceedings with all collection fees to be paid by the athlete's family. An athlete may be suspended from the athletic program for unauthorized possession of school owned equipment/uniforms.

XI. Emergency - Athletes and their parent/guardian should be aware that athletic participation, on occasion, may cause accidental injury. When such an injury occurs, the athletic trainer of Greenfield-Central High School will complete an accident report form.

XII. Non-School Sponsored Activities (Club, AAU, etc.) - The participation on Greenfield-Central High School athletic teams shall take priority over AAU or any other non-school sponsored team activities. The Indiana Association of AAU has, as a part of their rules, a statement regarding the above mentioned fact.

XIII. Academic Eligibility - A student-athlete must be enrolled in a minimum of 6 credit subjects and must be passing at least 6 credit subjects to be considered academically eligible. The athletic department verifies eligibility at the end of each nine week session. Students who are deemed ineligible for academic reasons are not permitted by IHSA rule to participate against another school in competition.

XIV. Drug Test Refusal - Refusal to participate in a Drug Test either during Random Drug Testing, testing due to the Rehabilitation Clause, or at parent request will be counted as a positive test result. This will be treated as a violation of Rule 1.
